- Discussion: Student Employees should receive the same training regarding safety issues that would be presented to any other employee type. Guidelines should be placed within a Student Employment Orientation packet upon hire.

IV. Guest Speakers

Pamela Haney, Ombudsman 2:25 pm – 2:40 pm

Pamela Haney joined the UNR campus in April 2007. She comes to UNR from Illinois where she served as the Dean of Liberal Arts at Moraine Valley Community College as well as serving as Dean of Academic Services at the college which included the same mediation skills and ability to resolve conflicts that she brings to UNR as the new Ombudsman.

Pam’s office is located in the Journalism Building (Room 106) and she works independently, reporting only to the president. She will prepare a general report for the president once yearly but will not include specifics about employees or a situation. Her job is to remain neutral and impartial and to help resolve conflict. She does not advocate any action one way or another and she does not change policies, however, she does act as a change agent to help better a process. Her role is to resolve conflict before it escalates. She does not participate in grievances and cannot testify on the behalf of an employee. She will only speak on another’s person’s behalf with permission from the employee. She serves as a resource to direct faculty and classified employees to the proper person to contact and operates in a highly confidential manner. She promotes a fair and respectful workplace for all parties.

Pam has a website forthcoming that will provide more information on how she serves the campus. Currently, she is on campus Monday and Wednesday from 8:30 a.m. ~
3:30 p.m. and on Thursday’s from 8:30 am ~ 4:30 a.m. Her direct phone number is: 784-1171.

Pam opened a questions and answer session with the SEC Committee:

Q: What is your official relationship with Human Resources and the EO/AA Office?

A: I work independently to resolve conflict. If there is an issue that needs to be referred, for example, a claim of sexual harassment, I will refer the employee to the proper office to report the incident.

Q: Could you advise an employee on a procedure… and then the employee would make the decision on how to proceed?

A: Yes, that is correct.

Q: Do you meet visitors outside of the office?

A: Confidentiality is important. If the visitor feels more comfortable meeting somewhere else, I will meet them outside of the office as long as it is on campus and during work hours.

Q: How different is your role from Janet Damschen’s role in BCN HR? Do you handle different situations?

A: I am the first, informal step an employee would take to resolve a conflict before contacting Human Resources or filing a grievance. The process is more formal in Human Resources.

Q: How will you let the campus know that you are here and what you do?

A: An article has already been published in Our Workplace announcing my arrival on campus. It is my plan to visit different campus committees/meetings on an individual basis, and I have a website that will be launched soon.

Sarah Ragsdale – President of ASUN 2:40 pm ~ 3:00 pm

Sarah provided an overview of the new elected officers and what they are moving toward this year.

- A large part of the focus is the strategic planning for the move from “Jot to Joe” since most of the inhabitants of the Jot Travis Student Union will be relocating the Joe Crowley Student Union.
- The ASUN is working on the introduction of a new marketing firm and the new brand / collegial feel that they are promoting for the campus. They are working on improving campus culture so everything a student might want will be available on campus for a 24 hour a day / 7 day a week life.
- Working on a summer reading program
- There are two new positions: an attorney general position to represent the students, and a president for the cabinet for this year. These positions will work on helping to created student diversity as our campus grows.

Q: What are the qualifications for an attorney general position in the ASUN?

A: Following the Regent’s code, this position is a learning position for students to help create a decision making process as opposed to making snap decisions. This student employment opportunity is a 20-hour per week job.

Q: What are examples of how the ASUN plans to enrich the campus?

A: There are long and short term goals. There is a huge emphasis on bigger events, lecture series, bigger concerts, bigger speakers, and increasing the number of clubs and organizations (currently there are 195 clubs/organizations). The goal is to maximize the bigger space now that we have it. ASUN is trying to give the students resources for smaller events and promoting a 24-hour culture as well as maximizing the relationship with residence halls and improving athletic events.

Q: What about outdoor activities?

A: There is space at the south entrance of Lombardi that is designated specifically for barbeques and outdoor movies. The space will be available for use once the Knowledge Center is complete.

Indoor programming space will change the way we think about events on campus.

Q: Is “high-tech”, “state-of-the-art” high on the list of “wants” from the students?

A: Yes. The new Joe Crowley Student Union is a green building purchased by the students and is seen as very valuable to the campus community. We will be able to invite the public to use the facilities on campus which sends the message that we value keeping the students on campus.

VII. Open Discussion

- Christine Arritt is passing the baton for duties as Secretary to Lisa Taylor for the remainder of this session. Lisa has been serving as the alternate during Christine’s term.
Nominations for executive officers is coming up, so the SEC Committee Members should take into consideration who they will nominate. Current nominations for the positions have been submitted and the committee will vote at the July meeting. The committee was asked to review the following nominations and add to the nominations as needed at the July meeting.

Current nominations are:

- **Chair:** Melanie England, Theron Flavin
- **Vice Chair:** Melanie England, Theron Flavin
- **Public Relations:** Erin McGarvey
- **Treasurer:** Mike Leonhard
- **Secretary:** Lisa Taylor

Melanie England reported that a tour of the new Joe Crowley Student Union is not available at this time, but she will let the committee know when they are able to take a tour. When the committee is invited for a tour, 10 people will be able to go at one time. Closed toe shoes are required and hard hats and goggles may be necessary.

Child Care Request for Proposals (RFP) Committee met once and hasn’t been contacted since. It is not expected that they will meet again. The thought that was put forth was to get a well known child care facility (for example: La Petite Academy) near campus to help with child care issues that were acknowledged in morale studies. The type of proposal that is being researched would include renting the land for such a facility at a much discounted rate so the savings in land rental could be extended to university employees who would benefit from having the option of child care services near the campus.
