Internship Site Information:

Students that will be interning with 360 Blueprint will be Mentor Coordinators. Their tasks will include being at designated schools during mentoring sessions that take place before and after school. They will be responsible for ensuring that the mentors have the resources they need that were provided by the program, to give additional support to the mentors with their mentees if needed, and to be the clear line of communication between the school, mentors, and the program. The program matches volunteers from the community with at-risk youth and/or with reading deficiency. Our goal is to match the students with volunteers (mentors) that will aid them in succeeding academically and provide that extra support they may be lacking at home.
