How to Use This Guide

Be proactive and start planning early! This guide contains preapproved course listings for health sciences and related courses. This guide, along with your Academic Advising Report and the USAC catalog, provides the tools you need to plan and apply for a program. Involve your major/minor advisor as you choose a program and prepare for your time abroad so you do not prolong graduation. Course descriptions, photos, and more detailed descriptions of the program are available at usac.unr.edu.

Top Reasons to Study Abroad

You will:
• gain new life experiences
• become more independent and flexible
• explore a new culture and live like a local
• broaden your worldview and find new perspectives
• make lifelong friends from around the world
• find out what is beyond your borders

This academic experience will enable you to:
• earn University of Nevada, Reno credit in a foreign country
• learn a language (up to two years of foreign language in one semester)
• fulfill major and minor requirements
• supplement your major by selecting courses not offered on campus

What’s the Next Step?

1. Meet with a study abroad peer advisor in the USAC office
2. Meet with your major/minor advisor to go over your long-term plans and your goals for study abroad
3. Consult the USAC catalog or website as you research your program options
4. Complete your application by the deadline
5. Apply for or renew your passport
6. Attend information sessions and workshops on topics such as financial aid, visas, and other useful information (ask the USAC office for more information).
7. Start packing!

University Studies Abroad Consortium (USAC)

Location:
Virginia Street Gym, first floor
(right next to Church Fine Arts)

Mail:
University Studies Abroad Consortium

**Partnership Programs**: By choosing a partnership program, the university abroad provides their curriculum to studying abroad students. Below are Health Science specific opportunities at the host university.

### OPPORTUNITIES IN HEALTH SCIENCES

**Australia—Gold Coast (Griffith University)**
- Biomedical Science
- Child and Family Studies
- Exercise Science
- Human Services
- Nursing
- Nutrition
- Psychology
- Public Health
- Social Work

**Australia—Melbourne (Deakin University)**
- Exercise and Sport Science
- Health Food and Nutrition
- Health Sciences
- Midwifery
- Nursing
- Occupational Therapy
- Public Health
- Health Promotion

**England—Bristol (University of Bristol)**
- Cellular and Molecular Medicine
- Pre-Med

**England—London (London Metropolitan University)**
- Advanced Bioanalytical Science
- Applied Immunology
- Ethics for Science
- Food Science and Microbiology for Dietitians
- Forensic Chemistry
- Formulation and Manufacture
- Fundamentals of Biotechnology
- Fundamentals of Heredity
- Medical Genetics
- Natural Products and Medicinal Chemistry
- Parasitology
- Systems Pathology

**London—Reading (University of Reading)**
- Fundamentals of Human Nutrition
- Genes, Lifestyle and Nutrition
- Public Health Nutrition

**Ireland—Cork (University College Cork)**
- Anatomy
- Epidemiology and Public Health
- Nursing
- Pediatrics and Child Health
- Pharmacology
- Physiology

**Korea—Gwangju (Chonnam National University)**
- Environment and Health
- Molecular Medicine

**Korea—Seoul (Kookmin University)**
- Foods and Nutrition
- Health and Rehabilitation Science

**New Zealand—Auckland/Palmerston North/Wellington (Massey University)**
- Animal Science
- Genetics
- Human Nutrition
- Sport and Exercise Science
- Zoology

**Norway—Oslo (University of Oslo)**
- General Medicine
- Health Management and Health Economics
- International Health
- Nutrition

**Sweden—Växjö / Kalmar (Linnaeus University)**
- Health Care in an Intercultural Perspective
- Caring Science with Focus on Nursing
- Perspective on Contemporary Illness
- The Elderly in Modern Society
- Welfare Policy in Sweden
- Caring Science with Focus on Nursing
