(see Biology Scholarships web page)

PERSONAL STATEMENT
Provide a statement explaining your career goals and how this scholarship will help you attain them. Describe any special qualifications you may have for this award.

LETTERS OF RECOMMENDATION
Please have two Department of Biology faculty members submit letters of recommendation on your behalf. Letters may be provided from faculty in other departments only if you are conducting research in their labs. Letters from graduate students are not permitted for this purpose. Faculty members should submit letters directly to the Department of Biology office.
