Overview. Please provide a brief description and/or history of your organization:
The BLM is a leader in our nation’s wildland fire management efforts. The Carson City District Office undertakes a broad range of activities to safely protect the public, the natural landscape, wildlife habitat and recreational areas of western Nevada & eastern California. Our local fire management program includes fire suppression, preparedness, fuels management, fire planning, prevention and education, and perhaps most significant, safety. We are also involved in community assistance and protection as a major member of the Sierra Front Wildfire Cooperators.

Fire Management Program - Carson City District

The BLM is a leader in our nation’s wildland fire management efforts. The Carson City District Office undertakes a broad range of activities to safely protect the public, the natural landscape, wildlife habitat and recreational areas of western Nevada & eastern California. Our local fire management program includes fire suppression, preparedness, fuels management, fire planning, prevention and education, and perhaps most significant, safety. We are also involved in community assistance and protection as a major member of the Sierra Front Wildfire Cooperators.

Employment Opportunities in Fire Management
The BLM meets these challenges by fielding highly trained and skilled professional firefighters and managers. Reducing the risk and consequence of wildland fires continues to grow in importance; however, suppression operations and safety continue to be the core of the overall fire program.

Majors Seeking:
Forest Management and Ecology
Natural Resources
