Attendees
Deaon Clausell (chair), Brandon Boone, Ben Gallagher, Mary Heid, Ed Huffman, Amy Koeckes, Oswoldo Mendoza, Raul Rodriguez

Introductions
ASUN guests were introduced with a brief discussion of the EIT Plan Committee’s origin and structure and the Web Subcommittee’s role in particular.

Site Improve
SiteImprove statistics reveal there are thousands of PDF documents on the unr.edu site that are flagged as inaccessible. MarComm is considering plans to address the issue and will touch base with library representatives who have made some progress in this area.

CMS (unr.edu)
There are 14,000+ pages and 184 sites using the CMS. Student Services is the largest unit with 1,200 pages.

Non-CMS
The School of Engineering has funded the creation of WordPress template that is accessible and the School has generously agreed to allow others to use the template as an alternative to the inaccessible sites on WolfWeb.

Non-Compliance Policy
The Policy is still in process. Deaon, Kevin Murphy and Legal are looking into the resources that would be required to support bringing more websites into the CMS.

Mobile Apps
Some mobile apps and departments that have mobile apps or are considering them were noted; Parking Services, This is Nevada (ASUN), TapRide (Campus Escort), Police Services, The Center, School of Engineering.

Other Items
Information Technology department is looking into a new system for forms that may replace Formstack.

Ed offered to facilitate captioning of the athletics video in the airport. Mary will contact athletics.

Raul Rodriguez agreed to join this subcommittee. Thanks, Raul!
