

N.E.R.D.S

Nevada Educators Really Doing Science

Improving Science Education Through Professional Development and Research

Summer 2008 Standards-Based Courses for Grades K-12 Science Educators

Courses:

OREGON TIDEPOOL ECOLOGY

Pre-sessions—April 19th AND June 7th
Field Experience—July 28-August 3
Rooms at the Shiloh Inn, oceanfront
Post-sessions—Sept 27th AND December 13th
(Attendance at all sessions is required)

Ecology of the Feather River Watershed Plumas County, CA

Pre-sessions— April 19th AND June 7th
Field Experience—June 23-29
Rooms at the River Pines Resort
Post-sessions— Sept 27th AND December 13th
(Attendance at all sessions is required)

Information:

- Each course is 6 graduate credits. Registration for credit (not pass/fail) (\$60) through UNR College of Extended Studies is required. Our grant pays ALL of the \$1,098 tuition.
- Our grant covers travel expenses (pre-arranged air fare and motor pool vans) and provides books and materials for participants. Grant will pay for participants' lodging, two participants to a room.

Enrollment is limited to 25 educators for each course. **Preference will be given to school teams of three or more applicants.** Individuals are also invited to apply. Participants will be asked to contribute to our ongoing research by completing several questionnaires. For more information and the application form, please visit our web site: <http://www.unr.edu/raggiocenter> Click on NERDS link.

Note: There are new immunization requirements for UNR enrollment.
Please visit www.unr.edu/raggiocenter/nerds/immuno.html

APPLICATION DEADLINE: MARCH 15TH

Sponsored by UNR, Nevada State Department of Education, NCLB Math Science Partnership Funding
Raggio Research Center for STEM Education (Science, Mathematics, Engineering & Technology)
College of Education, University of Nevada, Reno
