

Program Assessment Plans

This is a facsimile of the of the web interface Assessment Coordinators will use to enter, save, and submit their program assessment plans on the OUA web site. Text for any sections of the plan may be entered and saved until the entire plan is complete. Upon completion, the plan may be submitted electronically. The Assessment Office will review each program's assessment plan and make comments and suggestions as appropriate.

Final Program Plans will appear on the OUA website.

Program Assessment Plan Template

Program Mission Statement

This section should include a program mission statement. What are your program goals for student learning?

Student Learning Outcome #1

This section should include **one** specific outcome (benefit) for your program. It may be duplicated for each additional outcome in the program

Performance Indicator(s) What?

Assessment Method(s) How?

1.1 Student behavior related to this outcome!

1.1 Method used to measure the behavior!

1.2 Student behavior related to this outcome!

1.2 Method used to measure the behavior!

1.3 Student behavior related to this outcome!

1.3 Method used to measure the behavior!

One set for every Specific Student Learning Outcome

Use of Results

This section should describe the program's expectations for analyzing and evaluating assessment results in order to improve the program.

Implementation Plan

This section should describe the implementation timeline, roles or responsibilities for the data collection, analysis, and management processes. Use this section to describe the plan to manage these tasks.
