What did you like most and least about this workshop?

- I didn't know about WebQuests so this was informative.
- The collaboration with other technology minded educators
- Format used
- The hands-on activities.
- Cooperative working with my group. LaMont's analogy to help us understand topics.
- Most: Networking/working with educators from different districts struggling to learn new concepts. Least: Malfunctioning technology
- Pleasant atmosphere, central location, interactive learning
- Actual hands-on activities – discussion by group of what we did/ produced – Question – Answers
- Learning about WebQuest and use for a teacher
- I enjoy learning how to help others learn. This workshop is a great benefit

What other workshop topics would you like to see offered by C-NET-C district trainers?

- Integration of databases and spreadsheets
- Listed on the other eval. Very many.
- Technology grant writing
- Technology trouble shooting
- SAS or grades (others may already have this). PowerPoint in the classroom and use for a teacher.
