

Project Learning Links Faculty Fellowship Application Form

Each semester five faculty in the College of Education are accepted as Learning Links Faculty Fellows. Using this application, or the electronic one on the Project Learning Links Web site (<http://www.unr.edu/learninglinks/facappform.html>), interested faculty propose specific, observable changes to an undergraduate teacher education course that will result in increased use of technology in that course by both the faculty member and the students. Applications should include information on (a) what technology will be used; (b) how delivery of course content will be modified; (c) how assignments and projects will use technology; (d) how the infusion of technology into teaching and learning will be modeled.

What do the Fellows get?

From among the applicants, the Learning Links Committee selects the fellows to participate each semester. Incentives for participation include a course release, individualized support from Learning Links personnel, \$1,000.00 for hardware and software upgrades that relate directly to the course modifications, and up to \$1000.00 for presenting a grant related paper at the SITE conference next spring in Albuquerque . All UNR COE faculty have an opportunity and are encouraged to participate in the Faculty Fellows program.

What are the Fellowship requirements?

Faculty Fellows are required to attend and present at the Learning Links Technology Symposium, collaborate with a Master Teacher, and participate in grant assessment activities, which include classroom observations, online testing, submission of course materials such as syllabi or relevant class assignments, and a written report of Fellowship related activities. Applicants who are selected will be expected to submit a photograph for posting on the Project Learning Links Web site.

To be considered for a University of Nevada, Reno Project Learning Links Faculty Fellowship, please fill out and submit the attached application. The deadlines for submission are **May 15** for fall semester fellowships and **November 2** for spring semester fellowships. Fellowships will be offered within three weeks of the application deadline. Please return your application to:

Project Learning Links
REPC/ MS 285

For more information, contact Jacque Ewing-Taylor at (775)784-4921, ext. 2366 or jacque@unr.edu.

**Project Learning Links Faculty Fellowship
Application Form**

Name _____ Department _____

Date of Application _____ Fellowship Semester _____

Do you wish to receive **release time** or **the equivalent stipend**?

If release time is selected, please have your department chair acknowledge this by signing here:

Department Chair

Course focus of Fellowship activities (must be a course in the undergraduate teacher education program):

Goals for infusing technology into the course (how would you like to use technology to improve this course?):

Potential activities in which you will engage during your fellowship semester:

Please tell us a little bit about **your background, research interests, relevant experience**, and anything else you wish to share. This information will be used on the Project Learning Links Web site if you are accepted as a Faculty Fellow. Additionally, upon acceptance you will be asked to submit a photograph of yourself to be used for the same purpose.

By signing this I agree to the terms listed on the first page of this application packet.

Signature _____ Date _____

Thank you for applying for a Learning Links Faculty Fellowship! You will be notified of our decision within three weeks of the application deadline.
