

Dear faculty member,

We invite and encourage you to become a member of the UNR Chapter of the Nevada Faculty Alliance (NFA) and to take advantage of a special introductory half-price membership for one year! The NFA is an advocacy group whose primary goal is to protect the rights and interests of university and college faculty through shared governance and political action. In order to be heard, faculty members must communicate priorities and concerns. The NFA needs your voice and support, especially during uncertain times like those the State of Nevada now faces!

Here are 3 good reasons to join NFA:

1. The NFA is an advocacy group for academic freedom in thought, investigation and speech and a strong voice for higher education in the state.
2. The NFA is the Nevada affiliate of the American Association of University Professors, the principal national organization for advocacy of faculty and values in higher education.
3. The NFA provides consultations, legal advice and free legal assistance to members whenever faculty rights are in question.
