- The state retiree rates listed on this page are **subsidized** rates for those who retired **prior to January 1, 1994**.
- For those who retired **on or after January 1, 1994**, refer to the **State Retiree Subsidy Adjustment** table on the following page. Locate your years of service and subsidy, **add or subtract** that amount to the retiree share.
- **Reinstated retirees** do not qualify for life coverage. To determine your premium, refer to the **State Retiree Subsidy Adjustment** table on the following page. Locate your years of service and subsidy; **add or subtract that amount from the Retiree Share** above. Next, **subtract \$6.54** to determine your final premium.
- **Medicare retirees "enrolled"** in Medicare Part D and the *Self-Funded PPO Plan* will add \$42.89 to the retiree share for **each** adult covered under Medicare Part D.
