**THIS SUMMER, DO SOMETHING MAJOR.**

**EARN A SUMMER BUSINESS MINOR.**

The number of students pursuing a Business Minor at the University of Nevada, Reno has been climbing rapidly in recent years, and for good reason. Students can major in their principal academic interest while also gaining real business knowledge that makes them more attractive to employers or more successful in managing their own business. Students in many majors, such as engineering, agriculture, microbiology, and the sciences, find that a business minor can help inform and improve their decisions.

For information, please call (775) 784-4912 or visit unr.edu/summer-business-minor.
