Welcome to Nevada…
We expect you to graduate in four years.

This is what you need to do:

Get started
Start planning now; you’ll be glad you did.

• Enroll in 15-18 credits each semester
• Meet with an academic advisor every semester [www.unr.edu/academic-central](http://www.unr.edu/academic-central)
• Consult faculty and upper-division students
• Familiarize yourself with the University catalog online [www.unr.edu/academic-central](http://www.unr.edu/academic-central)
• Learn to use the planning tools in MyNEVADA which provides 24/7 access to your four-year planner, real-time information on your enrollment, financial aid, billing, and degree progress.

Time is money
Your education costs you time and money, so every decision will impact you in a real way. If you want to graduate in four years and save thousands of dollars, create an academic plan in MyNEVADA and enroll in 15-18 credits each semester. Even if you don’t have a major, by planning ahead, you will make sure you don’t take classes you don’t need, thus requiring more time on campus and more money for fees, tuition and books.

Map Out Your Academic Plan on the flipside

Draft your four-year plan on the flipside of this flyer. Use it as a sample personal plan to chart your course. Then enter it into your Planner on MyNEVADA.

1. Sign up and attend a summer orientation. [www.unr.edu/orientation](http://www.unr.edu/orientation)

2. Use MyNEVADA to keep track of your schedule.
   While your plans may change over time, it will help you maintain a four-year graduation plan and help inform the University about what classes to offer.

3. Take core classes every semester until you fulfill your requirements.
   The University’s Core Curriculum is the foundational education that students must fulfill as a part of any undergraduate degree program at the University of Nevada, Reno. [www.unr.edu/core-curriculum/](http://www.unr.edu/core-curriculum/)

4. Enroll in 15-18 credits each semester.

5. Enroll in summer school and wintermester.
