Part I
Research and Findings: The Friedman International Standards of Casino Design™

PREFACE

Conduct of the Research and Organization of the Findings	3
Research Methods - Appendix A	3
Factors that Affect Player Counts - Appendix B	5
Evaluating Competitive Positions among Casinos - Appendix C	6
Unique Natural Light Photographs of Current Casinos - Appendix D	7
Development of the Friedman Principles™	8

CHAPTER 1

The Friedman Casino Design Principles™	11
Two Initial Findings and Their Monumental Implications	11
The Definition of Casino Design - More than Décor	12
General Design Principles Versus Specific Interiors	13
A Summary of the Principles' Traits	13
Predictive Power of the Friedman Design Principles™	14
Predicting a Proposed Casino's Financial Potential for Investors	14
The Thirteen Friedman Design Principles™	15
Friedman International Standards of Casino Design™ <i>Rating System</i>	18

CHAPTER 2

<i>Principle 1</i>	
A Physically Segmented Casino beats a Completely Open Barn	19
Initial Discovery - The Problems with <i>Barn</i> Designs	19
Small, Early Nevada Casinos - 1930s - 1960s	21
Winning Principle 1 - Segmenting a Casino Diminishes the Barn Effect	21

CHAPTER 3

<i>Losing Principle 1</i>	
Nevada's Completely Open Casino Barns	23
The Fate of Nevada's Barn-Style Casinos	23

The Six Earliest Large Nevada Casino Barns - Mid-1960s - 1970s	23
The Large Strip Megaresort Barns of the 1990s	25
Three Strip Casinos Expanded into Barns in the 1990s	26
Five Rotunda-Shaped Casinos	26
The Fate of the Seven Little Strip Barns	27
Henderson Competition - The Rainbow and the Eldorado	29
The Five Stateline Casinos	30
Nevada's Earliest Tiny Barns - 1930s - 1940s	31
Harolds Barn Expansion - 1979	31
Atlantic City's Casino Woes	32
Harrah's New Orleans Bankruptcy	32
The Cross-Cultural Impact of Casino Barns	33
The Barn Effect in Small Ancillary Slot Operations	33

CHAPTER 4

Principle 2

Gambling Equipment Immediately Inside Casino Entrances Beats

Vacant Entrance Landings and Empty Lobbies	35
Winning Principle 2 - The Ideal Entry	35
Losing Principle 2 - Raised Landings Deter Potential Play	35
Types of Raised Landings	36
The Las Vegas Hilton and SpaceQuest, Bally's on the Strip, and the Reno Hilton	37
The Riviera on the Strip	38
The Sands on the Strip	38
The Barbary Coast, the Stratosphere, the Hard Rock, and the Santa Fe	39
Six Segmented Casinos With Raised Entrance Landings	40
Six Casinos With Raised Interior Landings	40
Nevada Designers' Penchant for Barns With Raised Landings	41
Solutions for Interior Stair Landings	42
Facilitating Traffic Flow With Stairs and <i>Casino Drivers</i>	43
Solutions for Escalator Landings	44
A Large Hotel Lobby Located in the Casino Entrance - Losing Principle 2	45
A Sunken Area Within a Casino	45

CHAPTER 5

Principle 3

Short Lines of Sight Beat Extensive Visible Depth	46
Winning Principle 3 - Short Sight Lines	46
Losing Principle 3 - Long Sight Lines	46
The Boundless <i>Sea-of-Slots</i> Effect - The Never-Ending Layout	47
The <i>Overvast-Sky</i> Effect - A Low, Flat, Uninterrupted Ceiling	48
Painted Ceilings - Blue Sky and White Clouds	50
Ceiling Level Solutions - Multiple Soffit and Coffered Elevations	51
Solutions With Other Types of Varying Elevations	52
Solutions With Asymmetrical Floor Layout and Ceiling Design Combinations	53
The Negative Effect of Long, Straight, Uninterrupted Passageways and Aisles	53
High-Profile Slot Cabinets As Visual Barriers	54

CHAPTER 6

Principle 4

The Maze Layout Beats Long, Wide, Straight Passageways and Aisles	56
Principle 4 - The Maze Versus Long Pathways	56
Two Maze Styles - Short, Straight Walkways and Frequently Curving Ones	56

Nevada's \$1 Slot Play from 1970 to the Development of the Maze Slot Layout	57
The First Modern Maze Slot Layout - Reno's Cal-Neva in 1978	58
The Second and Third Maze Layouts - The Castaways and the Silver Slipper on the Strip in 1980	59
Casino Appeal's Immediate Impact on Tourists	60
The Casino Industry's Disregard of the Maze Layout's Tremendous Successes	60
Ineffective Application of the Maze Concept Deters Traffic Flow and Potential Play	61
Properly Integrating Layout Elements	62
CHAPTER 7	
The Many Advantages of the Maze Slot Layout	63
Attracting Visitors Throughout the Entire Casino - Advantage 1	63
Focusing Visitor's Attention on the Gambling Equipment - Advantage 2	64
The Illusion of Being Crowded - Advantage 3	64
The Importance of Being Crowded - The Harolds/Cal-Neva Market Research, the Friedman Critical Headcount Mass Phenomenon, and Skills	64
Enhancing Excitement By Being Crowded - Advantage 4	66
A Multitude of Small, Appealing Gambling Worlds - Advantage 5	66
Intensified Machine Loudness - Advantage 6	67
CHAPTER 8	
<i>Principle 5</i>	
A Compact and Congested Gambling-Equipment Layout Beats a Vacant and Spacious Floor Layout	69
Winning Principle 5 - A Jam Packed and Cramped Floor Layout	69
Losing Principle 5 - A Spacious Floor Layout	69
The Popularity of Congested and Compact Settings - Maze Layout Advantage 7	70
The Imagery of Spaciousness Versus Player Preference for Snuggness	70
Players' Desire for Compactness Can Complement Fire Safety	71
CHAPTER 9	
The Four Primary Interior Elements Found in Every Super Successful Nevada Casino	72
Dominate or Be Dominated - The Four Most Relevant Winning Principles	72
The Megaresorts' Weak Player-to-Visitor Ratios	73
Ideal Interiors - Not the Famous and Glamorous, but the Busiest and Most Parasitic	74
The First Outstanding Player-Appealing Interior - Harolds Reno	74
The Four Largest Casinos in the 1960s - 1980s - Harolds Reno, Harrah's Reno and Tahoe, and Harveys Tahoe	76
Domination of the Strip - The Castaways and the Silver Slipper	76
Two Later Reno Leaders - The Primadonna and the Cal-Neva	77
Early Downtown Las Vegas Leaders - The Boulder, the Pioneer, and the Golden Nugget	77
The Three Oldest Downtown Las Vegas Casinos - the El Cortez, the Horseshoe, and the Golden Gate	78
CHAPTER 10	
<i>Principle 6</i>	
An Organized Gambling-Equipment Layout With Focal Points of Interest Beats a Floor Layout That Lacks a Sense of Organization	79
Principle 6 - Organized Versus Disorganized	79
Facilitating Traffic Flow - Maze Layout Advantage 8	80
Directing Traffic Flow on Passageways into Gambling Aisles - Advantage 9	80
Large Department Stores and Disneyland Theme Parks Facilitate Traffic Flow	82
Focal Points Facilitate Visitor Traffic Flow - Advantage 10	82

The Disneyland Design Goals	83
Siting Focal Points to Facilitate Traffic Flow and Emphasize Gambling Features	83
Producing More Appealing Gambling Settings By Observing the Unique Qualities of Players	84
Designing Effective and Strategically Located Focal Points	85
Focal Point Architectural Element Variety	85
Focal Point Design Diversity	86
CHAPTER 11	
<i>Principle 7</i>	
Segregated Sit-Down Facilities	87
CHAPTER 12	
<i>Principle 8</i>	
Low Ceilings Beat High Ceilings	89
Ceiling Height's Powerful Impact on Potential Play	89
Ceiling Height and Player Count Interrelationships	89
The Correlation Between Ceiling Height and Competitive Ranking	90
Las Vegas Strip Casinos - Ceiling Heights	93
Downtown Las Vegas Casinos - Ceiling Heights	95
Las Vegas Neighborhood Casinos - Ceiling Heights	95
Laughlin Casinos - Ceiling Heights	96
Reno/Sparks Casinos - Ceiling Heights	97
South Shore, Lake Tahoe, Casinos - Ceiling Heights	98
CHAPTER 13	
<i>Principle 9</i>	
Gambling Equipment As the Décor Beats Impressive and Memorable Decorations	100
Winning Principle 9 - The Gambling Equipment Is the Décor	100
Losing Principle 9 - Décor Is nothing But a Dramatic First Impression	100
Only Players Matter	101
Differentiating Casinos Through The Use of Décor	102
Unforgettable Interiors - But for Whom?	103
The Woolworth merchandising Approach	104
Highlighting the Gambling Equipment	404
Minimal Décor	105
Unnoticed and Unremembered Décor	105
CHAPTER 14	
Extreme Examples of Décor - Beauty Versus Plainness	107
The Uniqueness of the Golden Gate	107
The Pioneer Versus the Golden Gate	108
The Similarity of the Reno Nugget and the Golden Gate	108
The Reno Nugget Versus the Flamingo Hilton Reno's Slot Arcade	109
Beauty in Whose Eyes?	110
Beauty Versus Ugly - The Demise of the main Street Station	111
The Main Street Station's Many Design Weaknesses	111
The Friedman Design Principles™ Predict the Main Street Station's Failure	112
The New Main Street Station	113
The MGM Grand's Problems Were Foreshadowed By the Main Street Station's	114
Accurately Predicting Casino Success in the 1990s Using the Friedman Design Principles™	114

CHAPTER 15

Designers and Design Decision-Makers - Hung Up on Personal Taste	115
Designers Are Unaware of Their Influence on Player Counts	115
Today's Emphasis on the Losing Principles	116
Rating Interior Designers By Player Counts at Their Previous Projects	116
Design Decision-Makers' Ignorance of Their Gambling Product	117
Players Define Casino Ambiance	117

CHAPTER 16

Principle 10

Standard Décor Beats Interior Casino Themes	119
To Theme or Not to Theme	119
How Nevada's Themed Resort Casinos Have Fared	120
The Performance of Nevada's Quasi-Themed Resort Casinos	122
The Curb Appeal of Four Effective Strip Exteriors	123

CHAPTER 17

Principle 11

Pathways Emphasizing the Gambling Equipment Beat the <i>Yellow Brick Road</i>	125
Accentuating the Equipment Versus the <i>Yellow Brick Road</i>	125
The Mirage's Yellow Brick Road	125
Typical Visitor Traffic Flow Patterns on a Yellow Brick Road	126
The Main Street Station and MGM Grand Yellow Brick Roads	127

CHAPTER 18

Lighting, Signage and Canopies, and Sound	128
Functional or Task Lighting	128
Directional Signage	129
Gambling Promotional Signage	129
Strategic Sign Placement and Design	129
Sign and Canopy Lighting - Motion, Intensity, and Excitement	130
Decorative Lighting As an Attraction	132
highlighting the Gambling Activity	133
Light Dimmers and Security Locks	133
Down Lights	134
Casino Cage Lighting	134
Sound Volume Versus Noise	135
Casinos With Noisy Hard Surfaces	136
Acoustically Reflecting Surfaces and the Sounds of Gambling	137
Entertainment Lounge Acoustics and Lighting	138

CHAPTER 19

Carpet, Chairs, Arm Rests, Temperature, Smoke, and Player Comfort	139
Carpet - Colors and Patterns	139
Carpet - Player Comfort	139
Seating Comfort and Diversity	140
Table Surfaces and Rim Covers	140
Temperature Control	140
The Special Needs of Live Poker Players	141
Cigarette Smoke	142

CHAPTER 20

Winning Principle 12

Perception Beats Reality	143
Height/Depth Perspective	143
Adding Hoods, Canopies, and Signage to Lower Perceived Height	144
Decorations Below Ceiling Level	145
Structural Posts and Perceived Gambling Ambiance	145

CHAPTER 21

Losing Principle 12

Exterior Casino Design Perception	146
The Relationship Between Perception and Image	146
The Approach to the Property	146
A Fanciful Marquee Versus an Information Billboard	147
Entry into the Property	147
Directional Signage Assists Traffic Flow on the Property	148
Entry to the Parking Area and Ease of Parking	148
The Walk from the Car to the Casino	149
The Casino Entrance/Exit	149
Seeing Everything from the Visitors' Perspective	149
The Fremont Street Experience Versus the Stratosphere Tower	150
The Visitors' View of the Establishment	151
The Sands' Intimidating Pedestrian Entrance	152

CHAPTER 22

Principle 13

Multiple Interior Settings and Gambling Ambiances Beat a Single Atmosphere Throughout	153
The Advantages of Multiple Gambling Worlds	153
Nevada's First Large Casinos Offered Multiple Settings	154
Disney's Theme Parks Offer Multiple Environments	154
Ineffective Multiple Interior Designs Cause Disparate Player Counts	155

CHAPTER 23

Designing a New Casino Interior

Goals and Initial Phases	157
Traffic Flow into <i>Dead-Ends</i>	158
Coordinating Food Functions	159
Situating Entrances to Casino Drivers Around the Gambling Areas	159
Any Shaped Gambling Area Will Do	160
Placing the Gambling Equipment	160
The <i>Classic</i> Pit Layout	160
Live Poker in Main Traffic Flows	161
Games That Share the Same Players	162
The Final Two Design Phases	162
Lounges to Entertain Gamblers	162
Location of the Cashier's Cage	164

CHAPTER 24

The Friedman Design Principles™ Also Apply to Restaurants and Bars	165
Segmented Restaurants	165
Restaurant Table Spacing	166

Enclosed, Intimate Casino Bars Versus Open Island Bars	166
Soffitry Over Casino Island bars	167
Multitiered Floor Levels	168
Outdoor Décor Lacks Player Appeal	168

Part II

Applying the Principles to the Casinos of Nevada: The Friedman International Standards of Casino Design™

Las Vegas Strip Map	172

Part III
Conduct of the Research and Background Information: The Friedman International Standards of Casino Design™

APPENDIX A

Research Methods	603
Twenty Years of Investigative Research	603
Nevada's Casinos - The Quintessential Laboratory	604
Competition Among Nevada's Major Casinos - 1931-1998	604
Objective and Quantitative Research Analysis	605

APPENDIX B

Factors That Affect Player Counts	607
The Influence of Location	607
Significance of Interior Design	607
interior Design Supersedes marketing	608
Comparing Locations - Results of the Stardust and Tropicana	609
Importance of Hotel Rooms	610
Monopolistic Casinos Have Competition Too	611

APPENDIX C

Evaluating Competitive Positions Among Casinos	614
Quantitative Analysis of Casino Competitive Positions	614
A Casino's Potential Popularity Versus Its Actual Popularity	614
Casino Win	614
Slot-Win, Total Slots, Slot-Occupancy Rate, and Average Slot Win	615
Slot-to-Room Ratio and Player-to-Room Ratio	616
The Best Indicator of Profit Potential - The Player-to-Visitor Ratio	616
Player Count Methodology	618
Estimating Competitors' Player Counts	619
Data Sources	619

APPENDIX D

Unique Natural Light Photographs of Current Casinos	620
The Casino Interior Photographs	620
The Photographic Panorama	620
Two-Dimensional Photographs	621
No-Flash Photography	621
Disparate Light Levels	622
Artificial Lighting and Filters	623
Photographing at Slow Times	624
Masking the Photograph Faces	624
The Photographing Time Frame	624
