Summary: In June 2006, the Center for Economic Development at the University of Nevada, Reno changed its funding cycle to begin in the month of June. Therefore, the quarterly reports after 2006 start with the month of June. Also in 2011 because of fiscal crisis in the state of Nevada and the University of Nevada, Reno, the University Center was transferred from the College of Agriculture, Biotechnology, and Natural Resources to the School of Business. The University Center still is actively engaged and funded by the Nevada Agricultural Experiment Station and the Nevada Cooperative Extension. The Center for Economic Development continued to profile statewide and technical assistance on economic development for the first quarter of FY 2011-2012. During the first quarter, the University Center produced twelve applied research projects, ten other research projects, six technical and management assistance projects, six counseling and referrals, two workshop, two technical presentations, one University Center technical report, three Cooperative Extension fact sheet under review, one journal article, and one newspaper article.

Project Mix and Staff: The University Center registered activity in a wide variety of areas and has actively participated in programs throughout the state. The University Center has a staff of Thomas R. Harris, Professor in the Department of Resource Economics, State Extension Specialist, and Director of the Center for Economic Development; Mariah Evans, Associate Professor in the Department of Resource Economics and State Extension Specialist; Kimberly Rollins, Associate Professor in the Department of Resource Economics; Mimako (Mimi) Kobayashi, Research Assistant Professor in the Department of Resource Economics; Elizabeth (Betsy) Fadali, Research Analyst; Anita Castledine, Research Analyst; Margaret Cowee, Research Analyst; Malieka Landis, Research Analyst; Sue Strom, Administrative Assistant; Brian Bonnenfant for the Center of Regional studies for GIS work; and George (Buddy) W. Borden, Community Development Specialist, who is affiliated with the University Center but is located at the Clark County Cooperative Extension Office in Las Vegas.
Project Summaries

A: Marketing Activities:

The University Center continues its technical assistance to agencies interested in marketing and promoting economic development in the state of Nevada. The University Center developed procedures to review and mail to interested populace products developed by the University Center. These products are fact sheets, technical reports and journal articles. Seven technical reports were under review, one Cooperative Extension fact sheet was published with three under review, and one journal article was published during the fourth quarter, fiscal year 2010/2011 by the University Center. Three workshops and two technical presentations and lectures were offered by the University Center to present economic data and results of past projects.

The University Center currently maintains a Web page. The address is http://www.ag.unr.edu/uced. From this Web page, a person is able to access and download past University Center technical reports, University of Nevada Cooperative Extension fact sheets relating to University Center projects, Regional Economic Information System data developed by the U.S. Bureau of Economic Analysis for the state of Nevada and its seventeen counties, and selected historical and current economic data from various state agencies. Links to other key sites can also be found. The site is constantly being updated with reports and new data sets. University Center technical bulletins from 1992 up to the current date are available to download in Adobe PDF format.
