HESI Admission Assessment Exam
All applicants to the Orvis School of Nursing are required to take the Health Education Systems Incorporated Admission Assessment (HESI A^2) exam. The HESI A^2 is an assessment tool used to evaluate prospective students’ potential for success in a rigorous nursing program.

The HESI A^2 exam may be taken only once in an application cycle. If the HESI A^2 is retaken the following application cycle, the candidate must retake all required sections of the exam. The most recent scores must be submitted, and will be used for each application submitted to the Orvis School of Nursing. Scores are valid for two rolling calendar years. Candidates may take the HESI A^2 a maximum of three (3) times in a rolling two-year period. Any exception to these requirements must be submitted as a petition to the Orvis School of Nursing Admissions, Progressions, and Student Affairs committee.

The HESI A^2 exam can be taken at any Prometric testing center. You must register with HESI and obtain a testing Eligibility ID code to be able to schedule your exam. All payments are processed through Prometric, and the testing fee varies by testing site (average $95). Note that Prometric limits the total testing time to four hours. Be sure you plan your time to allow you to complete all required sections of the exam.

Candidates must complete the following assessments each time they take the HESI A2 exam.

BSN Application Process
Applicants will need to apply to the University of Nevada, Reno, and be accepted as a Pre-Nursing student prior to applying to the BSN Nursing Program.

Submit a formal application to the Orvis School of Nursing by the date specified by the Admissions, Progression and Student Affairs (APSA) committee. No more than 13 prerequisite credits can be in progress at the time of application. No more than one science course (4 credits) may be in progress at the time of application. Earn at least a ‘C’ grade in all prerequisite courses.

The cumulative grade-point average earned in selected prerequisite courses is used, in part, to determine which students are selected to the upper-division nursing major.

All prerequisite course requirements must be completed for the major by the end of spring semester for fall admission and by the end of fall semester for spring admission to the nursing major. Any repeated course must have a letter grade posted to the student’s transcript. A student may not apply to the nursing major while enrolled in a course that has previously received a mark of withdraw, incomplete, audit, or grade less than C.
Students must have a minimum GPA of 3.0 in selected pre-nursing courses to qualify for application to the upper-division nursing major. The selected pre-nursing courses include BIOL 223 A/L, BIOL 224, A/L, BIOL 251, CHEM 121 A/L, CHEM 220 A/L, MATH ≥ 126, NUTR 223, HDFS 201, Communication, and behavior science elective. All prerequisite courses must be taken for a grade (not S/U). Transfer credits taken for S/U credit from an institution that does not offer letter grades are evaluated on an individual basis.

The Orvis School of Nursing actively supports the University of Nevada, Reno’s policies that ensure equal opportunity/affirmative action and diversity.

Applications are reviewed by the Undergraduate Program Officer, the Associate Dean of Undergraduate Programs, and the Chair of the Admissions, Progression, and Student Affairs committee. Applications that do not meet minimum requirements will not be considered. The applicant will receive a letter stating the reason(s) the application was not reviewed. Applications that meet minimum requirements will be evaluated through a point-based matrix (see below). Applicants with the top 64 matrix scores will be offered provisional admission to the OSN pre-licensure program.
