

Orvis School of Nursing Admission Process (Effective June 1, 2016)

HESI Admission Assessment Exam

All applicants to the Orvis School of Nursing are required to take the Health Education Systems Incorporated Admission Assessment (HESI A²) exam. The HESI A² is an assessment tool used to evaluate prospective students' potential for success in a rigorous nursing program.

The HESI A² exam may be taken only once in a rolling 180-day period, and candidates are permitted to test only once during each application cycle. If the HESI A² is retaken following the required 180-day waiting period, the candidate must retake all required sections of the exam. The most recent scores must be submitted, and will be used for each application submitted to the Orvis School of Nursing. Scores are valid for two rolling calendar years. Candidates may take the HESI A² a maximum of three (3) times in a rolling two-year period. Any exception to these requirements must be submitted as a petition to the Orvis School of Nursing Admissions, Progressions, and Student Affairs committee.

The HESI A² exam can be taken at any Prometric testing center. You must register with HESI and obtain a testing Eligibility ID code to be able to schedule your exam. All payments are processed through Prometric, and the testing fee varies by testing site (average \$95). Note that Prometric limits the total testing time to four hours. Be sure you plan your time to allow you to complete all required sections of the exam.

Candidates must complete the following assessments each time they take the HESI A2 exam.

Name of Section	Number of Items	Recommended Time	Benchmark Score
Anatomy & Physiology	30 Items	30 minutes	80%
Math	55 Items	60 minutes	80%
Reading Comprehension	55 Items	60 minutes	75%
Grammar	55 Items	60 minutes	75%
Learning and Personality Styles	29 Items	30 minutes	Not Scored

Invitation to Interview

All candidates must meet the application eligibility requirements, and submit an application signed by their academic advisor. Priority will be given to candidates who meet the HESI admission assessment benchmark scores. Final interview selection will be based on pre-nursing GPA and HESI admission assessment score. Selected candidates will be invited to interview for admission to the nursing major. Interview dates are not negotiable and cannot be rescheduled.

Invitation to the Nursing Major

Selection of the admission cohort will be based 50% from each candidate's composite HESI score (the average Anatomy & Physiology, Math, Reading, and Grammar), and 50% from the candidate's overall interview score. The top 64 students from this final rank-ordered list will be offered provisional admission to the nursing major. Final admission is contingent upon completion of remaining courses with a grade of "C" or better, background check, drug test, and other application requirements.

Nevada High School Graduate, NSHE Student, and Military Preference

Interview preference will be granted to students who graduated from a Nevada High School, students who have completed a minimum of 45 required nursing pre-requisite credits at a Nevada System of Higher Education Institution, and honorably discharged active-duty veterans of the U.S. Armed Forces. Students will submit documentation of Nevada High School graduation, NSHE credit completion, veteran status, and HESI A² scores. Submission of inaccurate or falsified records will nullify the current application and may permanently disqualify the student from admission consideration.
