Looking for a seasoned LCSW or Psychologist to provide program consultation and ultimately therapy to individuals who are traditionally treatment-resistant and may be dually-diagnosed in an effort to mitigate behaviors that adversely affect ability to remain in the community setting.

If you are a Psychologist or LCSW licensed in the state of Nevada and the best of the best, do we have a place for you with our team! As a member of a three-person team, you along with an intensive case manager and a psychiatric RN will:

- Identify and contact patients that may have stopped participating in treatment and services in an effort to re-connect them to services at HOPES or to provide therapeutic treatment in the community setting.
- Cultivate other opportunities for individuals to become involved in treatment options and wrap around services such as through the Community Court or partnering with other community organizations serving the SMI or dually-diagnosed population.
- Implement therapeutic interventions, motivational interviewing, harm reduction and referral to meet the needs of identified patients to help them remain in the community setting as opposed to inpatient treatment or incarceration. You’ll document interventions, complete Legal 2000 and maintain program data to support efforts.

Northern Nevada HOPES is a community health and wellness center serving the Northern Nevada area. We are a non-profit community health center located in a historic and quaint area of downtown Reno, Nevada. Our expert care teams provide integrated medical and wellness services to individuals and families in our community. We welcome everyone, and meet them wherever they are, providing a safe and accepting place to access comprehensive, patient-centered healthcare services.

Comprehensive, integrated care is the cornerstone of the patient-centered medical home; Northern Nevada HOPES has a robust offering of services and collaborates with other service providers in the community to ensure our patients have a comprehensive, well-rounded program to meet their individual health and wellness needs. The medical home model holds promise as a way to improve health care in America by transforming how primary care is organized and delivered. At HOPES we understand there are many determinants of health and that a range of personal, social, economic, and environmental factors influence health.

Important things to know about us:

- We are a certified Patient-Centered Medical Home, recognized by the National Commission on Quality Assurance
- We are a Federally Qualified Health Center (FQHC). The mission of all FQHCs is to provide excellent health care services to otherwise under-served populations. We accept most insurance plans, Medicaid, Medicare, and the uninsured. For the uninsured, we offer discounted services based on a sliding fee scale.

- We embrace a philosophy of Harm Reduction and integration in our practice.

We have an impressive team of clinicians and providers and our current clinical and supportive services include:

- Primary medical care for adults, adolescents and children
- Behavioral health counseling
- Psychiatric care
- HIV specialty care
- Medication Assisted Treatment specialty care
- Hepatitis C specialty care
- Transgender specialty care for adults
- Nutrition services
- Comprehensive social support services
- Harm reduction outreach and prevention
- Laboratory, x-ray and pharmacy services on site.

Named one of the Best Places to Work in Northern Nevada 2018, we offer the same attention to ensuring our employees have work/life balance and the opportunity to grow and develop their careers. We offer a second-to-none benefits package (where employee health, vision, dental and basic life insurance is free of charge), very competitive compensation, generous paid time off, and a chance to partner with amazing care providers to change lives.

Tell us what drives you... what you are passionate about and...what makes you get up in the morning! Send your resume and cover letter to the hiring team at Northern Nevada HOPES and help us understand why you are the best candidate for this position. We aren’t looking for a standard cover letter and resume because we’re not looking for the standard candidate. Remember, we’re looking EXTRAORDINARY! We’re seeking someone who has the passion and ability to create life changing moments! Tell us about your accomplishments, feature all your awards, and share with us your proven ability to exert positive influence and change lives. We’d welcome the opportunity to hear about how you used creative problem-solving to help others or how you have worked through barriers to help others. Tell us your philosophy, what inspires you and how you will demonstrate all your wonderful abilities at Northern Nevada HOPES.
**We are looking for:**

- Specific things we're looking for:
  - Master's degree in counseling, social work, or related field, with a minimum of three to five years’ experience as a licensed clinical social worker or psychologist.
  - Licensure as a Psychologist or LCSW in the state of Nevada (or eligible)
  - Competency in providing cognitive and behavioral interventions to individuals, families, couples, children, and groups with behavioral health/substance abuse problems
  - Prior program coordination, data analysis, and reporting experience
  - Excellent interpersonal skills and ability to work collaboratively with primary care staff, patients, community stakeholders, referral resources and other behavioral health clinicians
  - Ability to multi-task and work in a fast-paced environment
  - Familiarity Screening, Brief Intervention, and Referral to Treat for substance abuse (SBIRT) and Evidence based treatment modalities for crisis interventions.

Tell us what drives you. . . what you are passionate about and . . . what makes you get up in the morning! Send your resume and cover letter to the hiring team at Northern Nevada HOPES and help us understand why you are the best candidate for this position. We aren’t looking for a standard cover letter and resume because we’re not looking for the standard candidate. Remember, we’re looking EXTRAORDINARY! We’re seeking someone who has the passion and ability to create life changing moments! Tell us about your accomplishments, feature all your awards, and share with us your proven ability to exert positive influence and change lives. We’d welcome the opportunity to hear about how you used creative problem-solving to help others or how you have worked through barriers to help others. Tell us your philosophy, what inspires you and how you will demonstrate all your wonderful abilities at Northern Nevada HOPES.

**Northern Nevada HOPES is approved for the National Health Service Corps Loan Repayment Program!**
