Early Head Start serves limited-income pregnant women and families with infants and toddlers up to the age of three. The program offers the following services:

- High quality early education in and out of the home for children ages 0-3
- Developmental Screenings
- Nutritional Assessment & Services
- Medical Referrals
- Prenatal Support & Referral
- Access to Counseling Services
- Family Resource & Referral Program
- Home Visits

The University of Nevada, Reno – Early Head Start Program offers three program options:

- **Home-based program** that provides weekly home visits to pregnant women and families with children birth to 3 years of age, emphasizing the role of the parents as the child’s first teacher.

- **Center-based programs** in Reno and on the University Campus. Parents utilizing this option need to be enrolled in an educational or job training program and/or working.

- **Combination Program for WCSD** parenting teens at Hug, Wooster and Washoe Innovations High Schools offers center-based services while school is in session and home visits during the summer break.

**In addition to the completed application you MUST submit copies of the following:**

- **Income verification** (documentation of family income for the last 12 months OR the last calendar year).
- **Proof of your child’s date of birth** (birth certificate, immunization record, birth confirmation).
- **Documentation of any special need** your child may have (certification by physician, Nevada Early Intervention Services, or other professional).

**Mailing Instructions:** Send copies (not originals) of all requested documentation. (see box above)
