Internship Site Information

Safe Embrace values the roles interns play within our agency. Interns will have the opportunity to create and complete a project with a population that interests them within the domestic and sexual violence arena. They will have direct exposure to survivors of domestic and sexual violence and will assist with advocacies, walk ins, crisis calls, and supportive services.

We prefer a Monday-Friday 9-5 but do have weekend and evening hours.

Number of Internships Available: 2

Student Requirements

1. Pass background check
