Internship Site Information

The Solace Tree provides grief support to children, teens and adults during a time of loss. Peer support groups are facilitated by volunteers, so families are able to receive help during this difficult time. The Solace Tree helps with all loss; incarceration, divorce, deportation, and primarily death of a loved one. Ultimately, The Solace Tree gives families opportunities for sharing their story and expressing their grief in a positive and healthy way. Orientation for new families occurs every other Tuesday night from about 5-6pm and the group occurs every other Thursday night from about 5:30-7:30pm.
