Physical Address: 418 Cheney Street, Reno NV, 89502

Internship Site Information

Zephyr Wellness has two office locations in Reno and Sparks, and also serves Nevada’s frontier via placement in the Pershing County School District. This internship will be housed out of either the Reno or Sparks location, or both, depending on availability and need, and will primarily consist of students teaching social and emotional learning through our Partnership with Head Start. Students will also learn the experience of daily agency operations with education centering on, but not limited to: client intakes, communication with referral sources, insurance matters, billing and coding, credentialing, scheduling, front-office confidentiality and HIPAA compliance, customer service, philanthropy, community outreach and partnership, community collaboration, marketing, coalition building, executive leadership, budgeting, legal and ethical matters, personnel, payroll, and management.

Opportunities to shadow therapy sessions, sit in on supervision, and attend staffing and consultation meetings will be available on a regular basis and, for those working in the Head Start setting, supervision attendance will be mandatory. Interns will be held to the highest standards for confidentiality and will be expected to understand, apply, and articulate ethics as put forth by the American Association for Marriage and Family Therapy, the American Counseling Association, and the National Association of Social Workers. Students who complete this internship satisfactorily can expect to be fully prepared for a graduate program in counseling and psychotherapy.

Number of Internships Available: 3+

Student Requirements

1. Ability to deliver professional customer service under pressure while being flexible with competing demands
2. Passion for helping others help themselves
3. Ability to think on their feet
4. Independent thinker with ability to learn
5. Comfortable with technology and multiple forms of software
How will student obtain this internship?

Interested students may reach out to Zephyr Wellness directly by emailing a resume and two letters of reference/recommendation to jake@zephyrwellness.org. Preferably the letters will consist of one form an academic source and one from a previous work supervisor, and they will address the specific issues enumerated in both the student requirements as well as the internship information.
