

Curriculum Vita

Teruni d. Lamberg, Ph. D

University of Nevada, Reno
Department of Curriculum, Teaching
And Learning
College of Education/280
Reno, Nevada 89557-0214
E-mail: TeruniL@unr.edu
Phone: 775 682 7533
Cell: 775 636 5070
Fax: 775 327 5220

Current Position: Associate Professor Elementary Mathematics Education, and Graduate Director, Elementary Master's Program (Master of Education and Master of Science). Director Lemelson STEM cohort, Program Coordinator STEM Ph.D. Program & Director, Nevada Mathematics Project Initiative.
University of Nevada, Reno

Areas of Specialization: Children's Mathematical Thinking, Learning Environments, Teacher Education and Design Research

EDUCATION

Post doctorate	Vanderbilt University, Department of Teaching and Learning Peabody College. Nashville, TN 2001-2004
Doctor of Philosophy	Curriculum and Instruction in Elementary Education with emphasis in mathematics education. Arizona State University, 2001 <i>Dissertation: Quotient Construct, Inscriptional Practices and Instructional Design</i>
Master of Arts	Elementary Education Arizona State University, Phoenix, AZ <i>Master's Thesis: Creative Thinking and Environmental Influences.</i> Arizona Teacher Certification K-8
Bachelor of Arts	Liberal Arts University of Texas at Austin, Austin, TX

PROFESSIONAL EXPERIENCE

Associate Professor of Elementary Mathematics Education, University of Nevada, Reno
(2009 – Present)

Visiting Scholar Appointment, Vanderbilt University, Fall 2017

**Honorary Fellow (Visiting Scholar Appointment), University of Wisconsin at Madison,
Fall, 2017**

Director Lemelson STEM cohort 2010-present

Principal Investigator of Nevada Mathematics Project Initiative. **University of Nevada,
Reno** (2014 - present)

Graduate Director Elementary Education Master's Programs, University of Nevada,
Reno (2011- 2012, 2014 - Present)

Program Coordinator, STEM PhD. Program (2014 - present)

Assistant Professor of Elementary Mathematics Education, University of Nevada, Reno
(2004 - June, 2009).

Research Associate (2001-2004)
Vanderbilt University, Nashville, TN

My research involved working with Drs. Paul Cobb and Kay McClain on a NSF funded research project titled: *Supporting and Sustaining the Learning of Professional Teaching Communities in the Institutional Setting of the School and School District.*

Research Assistant (1999 – 2001)
Arizona State University, Phoenix Arizona

Project Evaluator (1999-2001) for the Local Systemic Change NSF funded project titled TREASURmath on Teachers Teaching Reflectively with Reformed Math Curriculum in the Madison School District, Phoenix, AZ.

- Nationally Certified Evaluator-by Horizon Research for Classroom Observation and Professional Training Observations for Local Systematic Reform for NSF.

Classroom Teaching Experiences

Teacher (1996-2001). Madison Heights Elementary school, Madison School District, Phoenix, Arizona (1996-2001)

*Class participated in a Distant Learning Project with the Disney Channel.

*Teruni Lamberg's classroom teaching philosophy, methodology, experiences and influences are documented in a doctoral dissertation written by Dr. Jay Cravath (Arizona State University, 2002) titled: *A humanities based classroom: one teachers' motivations for integrating the arts and the humanities.*

GRANTS

Principal, Investigator, 2016-2017

Nevada Mathematics Project: Phase III, \$400,500

Math Science Partnership Grant funded through the Nevada Department of Education. This is a sub-grant award from the US Department of Education (Co-I's: Ed Keppelman, Peggy Lakey & Travis Olson.) Collaborators include Dr. Ana de Bettencourt-Dias, UNR-Chemistry, Dr. Matthew HSU & Robert Chang, Northwestern University, Dr. Craig Wall RHK Technology and Dr. Steven Demelin, Mathematical Reviews/Michigan State University. In addition, a joint collaboration with Dr. Mitchell Nathen from University of Wisconsin at Madison.

A statewide project aimed at training 140 teachers representing every single school district in the state of Nevada including charter schools.

<http://www.nevadamathproject.com>

The content explored will be data analysis and Geometry

This phase of the project will include a STEM integration component related to nanotechnology.

Research Project:

Designing professional development to support teachers to understand Common Core standards of data analysis and geometry through design research. In addition, a joint project with STEM integration, the role of Gestures in meaning making and supporting teachers to teach data analysis and geometry through design research.

Principal Investigator, 2015-2016.

Nevada Mathematics Project: Phase II, \$300,000

Math Science Partnership Grant funded through the Nevada Department of Education. This is a sub-grant award from the US Department of Education (Co-I's: Ed Keppelman, Peggy Lakey, Jeffrey Shih & Travis Olson.)

A statewide project aimed at training 131 teachers to implement the Common Core Mathematics Standards (Nevada Academic Content Standards based on the Common Core.) Domains addressed are:

Counting and Cardinality

Number and Operations

The Number System

Functions

The phase II project research focus: Understand how teachers currently use curriculum to plan and implement lessons. We will be investigating through Design Research how to effectively support teachers to use curricula through a learning trajectories approach. This work builds on the previous grant.

Nevada Math Project website:

<http://www.nevadamathproject.com>

Principal Investigator, 2016-2018

Lemelson STEM Cohort: \$300,000

A Master's STEM program was developed in the College of Education at the University of Nevada, Reno. The funding was a Foundation Gift from Ms. Lemelson. Coordinate program and study the impact of the cohort program and design.

Principal Investigator, 2014-2015

Nevada Mathematics Project. \$296,006

Nevada Mathematics Project, Math Science Partnership Grant funded through the Nevada Department of Education. This is a sub-grant award from the US Department of Education. (Co-I's: Ed Keppelman, Peggy Lakey, Jeffrey Shih & Travis Olson.)

This was a statewide math project to support 106 teachers across Nevada representing different counties/districts in the state. The goal is to develop teacher leaders who can support other teachers across the state to implement the state standards based on the Common Core standards. The aim was to train teachers in 2 Domains of the Common Core (Nevada Academic Content Standards.) The research focus

was investigating how teachers use formative assessment, and also how to support teachers to understand the common core standards through design research. The data is collected the analysis is ongoing. Preliminary findings indicate that the teacher content knowledge increased, and teachers are making shifts in their instruction practice.

Principal Investigator: 2014

Nevada Mathematics Project- Extra Teachers. \$12,965
Awarded by Nevada Department of Education
Received additional Funding to increase the Number of teachers to participate in the Nevada Math Project.

Principal Investigator, 2013

Middle School Algebra Project. \$2000
Funded through the College of Education, Research Grant (Co Investigator: Diana Moss)
This project involved conducting a whole class teaching experiment on 6th grade student understanding of algebra. A design research approach was used and the learning trajectory that emerged was documented in Diana Moss's dissertation.

Principal Investigator, 2012-2014

Lemelson STEM cohort III, \$150,000
A Master's STEM program was developed in the College of Education at the University of Nevada, Reno. The funding was a Foundation Gift from Ms. Lemelson. The impact of the cohort program and design was investigated.

Principal Investigator, 2010-2012

Lemelson Math and Science Cohort II, \$150,000
A Master's program with emphasis in Math and Science was developed in the College of Education at the University of Nevada, Reno. The funding was a Foundation Gift from Ms. Lemelson. The impact of the cohort program and design was investigated.

Principal Investigator, 2010-2012

Lemelson Math and Science Cohort. \$150,000
A Master's program with emphasis in Math and Science was developed in the College of Education at the University of Nevada, Reno. The funding was a

Foundation Gift from Ms. Lemelson. The impact of the cohort program and design was investigated.

Principal Investigator, 2007-2008

Northeastern Nevada Mathematics Project Research Project

Funding received through the Nevada Department of Education. \$38,500.

This project investigated how to support shifts in Northeastern Nevada Math Project teachers' instruction practice through design research. Developed tools to support shifts in practice from traditional approaches to more standards based approaches. . Tools developed out of this project is published in the Whole class Mathematics, In-depth Mathematical Thinking and Learning, Pearson Publishers.

Principal Investigator 2005-2008

Northeastern Nevada Math Project. \$304,500

Funding received through Math Science Partnership Grant funded through the Nevada Department of Education. This is a sub-grant award from the US Department of Education. (Co-I: Dr. Chaiten Gupta)

Received funding from Elko County School District, Humboldt County School District, Lander County School district, White Pine County School District and Eureka county school district to support Northeastern Nevada Mathematics Project to provide release time for teachers to attend professional development. (approx \$90,000.00)

This project involved providing content focused professional development to 38 teachers in the Northeastern part of the state. This project investigated how to use a design research approach to optimize teacher learning and shifts in practice. The findings revealed positive growth in teacher content knowledge and also on the pre and post student content tests.

Co-Investigator: 2013

Higher Education Partner (2013), A MSP Grant awarded to Washoe County School District PI: Kindra Fox and Vickie Collaro. Provided Teacher training in math content to Washoe County teachers.

Co-Investigator: 2012

Higher Education Partner, Developing the Core. A MSP Grant awarded to Regional Professional Development Program and Washoe County School District. (Co-PI: Dave Brancamp and Denise Trakas, \$324,000).

Other Grant Activity

2004 College of Education Scholarly Activities Research Project grant awarded \$300.00
2004 College of Education-Research Related travel: grant awarded \$500.00
2005 International Activities Grant-grant awarded \$1500.00 (office of Provost, UNR)
2006 College of Education Research Travel \$1000.00
2007 College of Education Research Activities Fund \$2000

HONORS AND MEDIA MENTIONS

Nevada Mathematics Project website: <http://www.nevadamathproject.com>

Mathematics teaching collaboration impacts thousands of students in Nevada 2016

<http://www.unr.edu/nevada-today/news/2016/nevada-mathematics-project-update>

Statewide expertise +ongoing teacher support=improved math education 2014

<http://www.unr.edu/nevada-today/news/2014/nevada-mathematics-project>

Nominated for Judith Bible Teaching Award (2012)

Moss family established a scholarship in honor of excellence in teaching. This is a recurring gift. Lamberg will get to select the graduate student. The student is a recipient of a \$1000 scholarship.

Moss Family Award in Graduate Elementary Math Education

“Awarded annually to an outstanding graduate student in Elementary Math Education

This award is given in recognition of Dr. Teruni Lamberg's excellence in teaching and her dedication to her students.”

The Moss Family also established a \$1000 research fund.

Nevada Educator “writes the book” on teaching math (2012).

<http://www.unr.edu/nevada-today/news/2012/nevada-educator-writes-the-book-on-teaching-math>

Psychology of Mathematics Education Conference 2011

“International group in Reno to share research on psychology of teaching math: Educators ask themselves, “How do we change what we are doing to be more effective?”

<http://www.unr.edu/nevada-today/news/2011/international-group-in-reno-to-share-research-on-psychology-of-teaching-math>

- Lamberg, T. & Amador, J. (2009). Mediating influences on teachers jointly planning a lesson. Presented at the *annual meeting of the 31st Conference of the Psychology of Mathematics Education-Northern American Chapter, Atlanta, Georgia.*
- Lamberg, T., & Balimuttajjo, S, & Assuah, C. (2009). What do elementary students' solutions tell us about their strategies for solving problems with division with remainder? A paper presented at the annual meeting of the *31st Conference of the Psychology of Mathematics Education-Northern American Chapter, Atlanta, Georgia.*
- Lamberg, T. (2008). Unitizing approach to division of fractions. *Joint meeting of the 32nd Conference of the International Group for the Psychology of Mathematics Education and the Psychology of Mathematics Education-Northern American Chapter, Morelia, Mexico.*
- Lamberg, T. & Battaralmu, S. (2007). The development of number sense and efficient strategies. *A paper presented at the 29th Annual Meeting of the North American Chapter of the International Psychology of Mathematics education, Lake Tahoe, NV.*
- Lamberg, T. Wilson, S, Olson, J, Herbel-Eisenmann, B. (2006). Making decisions about mathematics education academic positions and the interview process. A presentation at the *28th Annual meeting of the North American Chapter of the Psychology of Mathematics International, Merida, Mexico.*
- Lamberg, T & Middleton, J.A. (2002). The role of inscriptional practices in the development of mathematical ideas in a fifth-grade classroom. A paper presented at the *26-annual meeting of the International Group for the Psychology of Mathematics Education Conference, Norwich, England.*
- Middleton, J.A., de Silva, T., Toluk, Z., & Mitchell, W. (2001). The emergence of quotient understanding in a fifth-grade classroom: A classroom teaching experiment. A paper presented at the *24th annual meeting of the North American Chapter of the International Group of Mathematics Education, Snowbird, UT.*

National Conferences

Lamberg, T. (2017). * Invited Talk (Visiting Scholar University of Madison at Wisconsin). A Framework for Supporting Teachers to Facilitate Effective Whole Class Discussions in K-8 Mathematics. University of Madison at Wisconsin.

Lamberg, T. & Koyen, L. (2017). Formative Assessment Framework in Mathematics Instruction. A paper to be presented at the *Annual Meeting of the American Educational Research Association*, San Antonio, Texas.

Lamberg, T. (2016). Framework for teaching. *National Council Teachers of Mathematics Annual Meeting*, San Francisco, CA.

Moss, D., & Lamberg, T. (2016). The big idea in beginning in beginning algebra? It's all about variables. *National Council Teachers of Mathematics Annual Meeting*, San Francisco, CA.

Moss, D. & Lamberg, T (2015). The Shift from Arithmetic to Algebra: It Begins with Variables. A presentation at the *National Council of Teachers of Mathematics Annual meeting*, Boston, MA.

Lamberg, T., Lakey P, Keppelman, E., Olson, T., & Shih, J., (2015). Nevada Mathematics Project: Evaluation of a Statewide Professional Development Partnership. *RCML Conference*, Las Vegas, Nevada.

Lamberg, T. (2014). Integrating the standards of mathematical practice as a natural part of teaching through whole class mathematics discussions. (Webinar) ToDOS. *Invited Talk**

Lamberg, T. (2013.) Chair, Mathematics teacher practice Roundtable Session, *American Educational Research Association, Annual Meeting*, San Francisco.

Lamberg, T. (2013). Discussant: Professional development in isolated Areas. *American Educational Research Association, Annual Meeting*, San Francisco.

Lamberg, T. (2013). Chair: Professional development models in mathematics. *American Educational Research Association, Annual Meeting*, San Francisco.

Bertolone-Smith, C., Lamberg, T. & Moyer, M. (2013). Maximizing learning during mathematical discussions: Teaching children argument and critique. Presented at the *annual meeting of the National Council Teachers of Mathematics, Denver, Colorado*.

Bezuk, N., BayWilliams, J, & Lamberg, T. (2012). Supporting children's mathematical thinking within an era of Common Core state standards. *Presented at the National Council of Teachers of Mathematics, Philadelphia, PA, Invited Talk**

- Lamberg, T., & Evans, M. (2012). Teaching developmentally and the Common Core. Presented at the *National Council of Teachers of Mathematics*, Philadelphia, PA. *Invited Talk**
- Lamberg, T. (2012). Supporting mathematical learning through whole class discussions. Presented at the *National Council of Teachers of Mathematics Annual Meeting*, Philadelphia, PA.
- Lamberg, T. (2012). Whole Class Mathematics Discussion Webinar. Pearson Education. *Invited talk. **
- Amador, J. & Lamberg, T. (2011). Considerations of standardized testing as a mediating aspect of mathematics planning and enactment practices. Presented at the *American Educational Research Association Annual Meeting*, New Orleans, Louisiana.
- Lamberg, T. (2010). Helping students understand fractions by making connections. Presented at the *National Council of Teachers of Mathematics*, San Diego, CA.
- Amador, J., & Lamberg, T. (2010). Teacher thinking during lesson study: Using innovative forms of inquiry to teach. Presented at the *American Educational Research Association Annual Meeting*, Denver, Colorado.
- Lamberg, T. (2009). A framework for supporting teachers to teach for conceptual understanding. Presented at the annual meeting of the *School Math Science Association*, Reno, Nevada.
- Amador, J. & Lamberg, T. (2009). How teachers consider cognitive, language and social development when planning. Presented at the *School Math & Science Conference*, Reno, Nevada.
- Bertolone-Smith, C., Amador, J, Lamberg, T. (2009). Facilitating effective whole class discussions. Presented at the *Annual Meeting of the School Math Science Conference*, Reno, Nevada.
- Lamberg, T & Brancamp, D (2009). Strategies for effective partnerships and collaborations to improve education. *American Teacher Education Annual Conference*, Reno, Nevada.
- Clark, H, & Lamberg, T. (2009) Helping middle school students develop an understanding of proportional reasoning. A presentation at the *National Council of Teachers of Mathematics Conference*, Washington, D.C.
- Clark, H, & Lamberg, T. (2009). Proportional reasoning strategies of upper elementary students. A paper presented at the *American Educational Research Association Conference*, San Diego, CA.

- Lamberg, T. (2007). Conceptions and misconceptions of student understanding of fractions. A paper presented at the *National Council of Teachers of Mathematics Annual Conference*, Atlanta, Georgia.
- Lamberg, T. (2007). Unitizing in fair sharing situations involving composite units. A paper presented at the *American Educational Research Association Conference*, Chicago, IL.
- Lamberg, T. & Quinn, B. (2006). Explore, conjecture, connect, prove: The versatility of a rich geometry problem. A presentation at the *National Teachers of Mathematics Annual Conference*, St. Louis, Missouri.
- Lamberg, T. & Quinn, B. (2006). Implications of the Northeastern Nevada Math Project on professional development. A paper presented at the *33rd Annual Meeting of the Research Council on Mathematics Learning*, Las Vegas, Nevada.
- Ball, T. & Lamberg, T. (2006). The effect of construction models on attainment of the concept of angles. A paper presented at the *33rd Annual Meeting of the Research Council on Mathematics Learning*, Las Vegas, Nevada.
- Lamberg, T. (2005). Invited discussant on teacher education at the *27-th Annual Meeting of the Northern American chapter of the International group for the Psychology of Mathematics Education*, Roanoke, Virginia.
- Lamberg, T. (2005). The affordances that emerged as brokers from multiple communities interacted within a professional teaching community. A paper presented at the *American Education Research Association annual meeting*, Montreal, Canada.
- Lamberg, T. (2004). The process and influences of district leaders becoming members of a professional teaching community. A paper presented at the *26-th annual meeting of the Northern American chapter of the International group for the Psychology of Mathematics Education*, Toronto, Canada.
- Lamberg, T. (2004). An interpretive framework for making sense of students' mathematical reasoning within the context of classroom interactions. A paper presented at *American Education Research Association Annual Meeting*, San Diego, California.
- Lamberg, T., & Middleton, J. (2004). Moving from teaching experiment to the classroom: The case of the mystery party. A paper presented at the *Annual Meeting of the American Education Research Association*, San Diego, California.
- Lamberg, T., Dean, C., Cobb, P & McClain, K. (2003). Institutionally situated learning of a professional teaching community at Jackson Heights. A paper presented at the *Annual Meeting of the American Educational Research*, Chicago, IL.

Lamberg, T. & Middleton, J. (2003) Anchored Instruction, an environment for integrating formal and symbolic knowledge in fractions: a case of instructional design. A paper presented at the *Annual Meeting of the American Educational Research Association*, Chicago, IL.

Lamberg, T. & Middleton, J.A. (2003). Unitizing: Thinking in packs and pieces. A paper presented at the 24-th annual meeting of the *Northern American Chapter of the International group for the Psychology of Mathematics Education*. Athens, Georgia.

De Silva Lamberg, T & Middleton, J.A. (2002). A whole class learning trajectory of the Quotient construct. A paper presented at the *Annual meeting of the American Educational Research Association*, New Orleans, Louisiana.

De Silva Lamberg, T & Middleton, J.A. (2002). Inscriptional practices as indices of emergent understanding of the quotient. A paper presented at the *Annual Meeting of American Educational Research Association*, New Orleans, Louisiana.

Regional Conferences

Lamberg, T. (2014). Implementing effective whole class discussions. A presentation at the *Annual Meeting of the California Math Council*, Pacific Grove, CA.

Lamberg, T. (2013). Professional development on the common core, Susanville School District. Susanville, CA.

Lamberg, T. (2013). Teaching effectively using the standards of mathematical practices. Presentation at the *National Council of Teachers of Mathematics Regional Conference and Exposition*, Las Vegas, Nevada.

Lamberg, T. (2013). Sense making during discourse: Moving toward mathematical insight and generalization. A presentation at the *National Council of Teachers of Mathematics Regional Conference and Exposition*, Las Vegas, Nevada.

Lamberg, T. (2013). Whole class mathematics discussion: Improving in-depth Mathematical Thinking and Learning. Presentation at the *Annual Meeting of the North Carolina Teachers of Mathematics*. Greensboro, North Carolina. *Keynote**

Lamberg, T. (2009). Invited talk: Panel discussion on implementing professional Development. A presentation at the *Math Science Partnership Regional Conference* sponsored by the U. S. Department of Education, San Francisco, CA.

Lamberg, T. (2009). Lessons learned about designing and implementing professional Development from the Northeastern Nevada Mathematics Project. A presentation at the *Math Science Partnership Regional Conference sponsored by the U. S. Department of Education*, San Francisco, CA.

- Lamberg, T. (2008). Models for teaching multiplication and division of fractions. A presentation at the *National Council of Teachers of Mathematics Regional Conference*, Reno, NV.
- Lamberg, T. (2008). Meeting mathematical needs of diverse learners. A presentation at the *National Council of Teachers of Mathematics Regional Conference*. Reno, NV.
- Quinn, R & Lamberg, T. (2008). Implications of the Northeastern Nevada Mathematics Project. A presentation at the *National Council of Teachers of Mathematics Regional Conference*, Reno, NV.
- Lamberg, T (2007). Designing professional development within the STEM disciplines. A paper presented at the *American Society for Engineering Education Conference*, Reno, Nevada.
- Lamberg, T (2006). An interpretive framework to support teachers to change their classroom teaching practices. A paper presented at the *Northern Rocky Mountain Education Association Conference*, Boise, ID.
- Lamberg, T & Brancamp, D (2006). Principals as instructional leaders and the role of institutional context. A paper presented at the *Northern Rocky Mountain Education Association Conference*, Boise, ID.
- Lamberg, T. (2006). Supporting Algebraic Thinking. A presentation at the *National Council of Teachers of Mathematics Western Regional Conference*, Phoenix, Arizona.
- Lamberg, T. (2006). Supporting teachers to teach for conceptual understanding. A presentation at the *National Council of Teachers of Mathematics Western Regional Conference*, Phoenix, Arizona.
- Lamberg, T. (2005). Transforming Math Learning through powerful collaborations in Northeastern Nevada. A paper presented at the *Northern Rocky Mountain Education Association Conference*, Jacksonhole, Wyoming.
- Lamberg, T. (2005). Survivor, Assistant Professor: Out Teach, out publish, out research. A round table discussion at the *Northern Rocky Mountain Education Association Conference*, Jacksonhole, Wyoming.
- De Silva, T. (1999). Building communities by meeting needs of diverse learners. A presentation at the *Rocky Mountain Social Studies Regional Conference*, Phoenix, AZ.

State Conferences

- Lamberg, T. (2018). Problem Solving for Innovation. Presentation at Washoe County School District, MCLT Teacher Leader Training workshop.
- Lamberg, T. (2018). Organizing for innovation. Presentation at Washoe County School district. MCLT Teacher Leader Training workshop.
- Lamberg, T. (2018). Improving mathematics teaching using the whole class discussion framework. Teacher Workshop, Silver Springs Middle School. Silver Springs, Nevada.
- Lamberg, T. (2017). Whole Class Mathematics Discussion Framework. Professional Development, Alpine Academy College Prep High School, Sparks, NV.
- Lamberg, T. (2016). Using formative assessment to improve instruction. *Northern Nevada STEM Conference* sponsored by Nevada Math Council and Nevada Science Teachers Association, Reno, NV
- Lamberg, T. (2016). Using Design Research to Improve Learning and Teaching of STEM. University of Nevada, Reno.
- Lamberg, T. (2015). A Framework for effective instruction to support learning. A presentation at the *ACT Conference*, Reno, NV.
- Lamberg, T. (2015). Student achievement results by targeted assessment, A presentation at the *Nevada Math Council, Mini Conference*, Reno, NV
- Lamberg, T. (2014). Unitizing approach to division of fractions. A presentation at the *Northern Nevada Math Council Mini Conference*, Reno, NV.
- Lamberg, T. & Moss, D. (2014). Expressions, equations and variables. A presentation at the *Northern Nevada Math Council Mini Conference*, Reno, NV.
- Lamberg, T., (2013). Integrating math practices as a natural part of teaching, *Southern Nevada Mathematics and Science Association Annual Meeting*, Las Vegas, NV.
- Lamberg, T. (2013). Whole class mathematics discussions and Standards of Mathematical Practices. A presentation at Desert Heights Elementary School, Reno, NV.
- Lamberg, T. (2013). Math madness workshop on Common Core. A presentation at the Washoe County School District, Reno, NV.

- Lamberg, T. (2012). Exploring fractions, mathematics academy: Getting to the CORE of mathematics instruction. A presentation at the Washoe County School District, Reno, Nevada.
- Lamberg, T. (2012). Participated in a STEM panel discussion and facilitating a session at the *Nevada STEM Summit* sponsored by Gathering Genius Inc. Las Vegas, NV. *Invited Talk**
- Lamberg, T. (2012). Effectively using discussion to support student learning. A presentation at the *9th Annual Northern Nevada Assessment Conference*, Reno, Nevada.
- Lamberg, T. (2011) served on Science, Technology Engineering and Mathematics (STEM) Education Panel with Crowther, D, Brancamp, D, Fritsen, C, Oates, M, Peterson, P, Vineyard, R, Wang, E & Wells, B. *Nevada State Science Teachers Association*, Reno, Nevada
- Lamberg, T. (2010). Improving mathematics teaching by focusing on student learning. A presentation at the *Start Fresh Northern Nevada Teachers of English*, Reno, Nevada.
- Lamberg, T. (2009). Strategies for extending student understanding through whole class discussions. *Start Fresh Northern Nevada Teachers of English*. Reno, Nevada.
- Amador, J & Lamberg, T. (2009) Teacher thinking during lesson planning. A presentation at the *Southern Nevada Math and Science Conference*, Reno, NV.
- Lamberg, T. (2009). Helping students multiply and divide fractions with conceptual understanding. A presentation at the *Southern Nevada Math and Science Conference*, Reno, NV.
- Lamberg, T (2008). What is number sense any way? Understanding number while building a mathematical learning community. A presentation at the *Speakers series. Northwest Regional Professional Development Program*, Reno, NV. *Invited Talk**
- Lamberg, T (2008). Teaching and planning to support learning. Improving Mathematical Learning. A presentation at the *Speakers series. Northwest Regional Professional Development Program*, Reno, NV. *Invited Talk**
- Lamberg, T. (2007). Multiplying and dividing fractions using an area model. A presentation at the *Northern Nevada Mathematics Council Conference*, Reno, Nevada.
- Lamberg, T. (2007). Promoting critical/creative thinking skills in the classroom. A presentation at the *Start Fresh Conference*, Northern Nevada Teachers of English. Reno, Nevada.

Lamberg, T. (2006). Building effective professional teaching communities to increase student learning. Key note Speaker, *Northern Nevada Teachers of English, Finish Fresh Conference*, Reno, NV. *Invited Talk**

Lamberg, T. (2004). Developing Professional Learning Communities. *Northern Nevada Math Council Fall Social*, Reno, NV. *Keynote**

Lamberg, T. (2003). Hallmark of Good Math Instruction: Mathematical Discourse. A presentation at *Modern Red School House Summer workshop*, Nashville, TN.

De Silva, T. (2000). Integrating technology into the elementary curriculum. A presentation at *Teaching and Technology Conference*, Sponsored by University of Arizona College of Education, Tucson Area Council for Technology and Tucson Unified School District #1, and the Southern Chapter of Arizona Technology in Education Alliance, Tucson, Arizona.

De Silva, T. (1999). Integrating technology into the classroom. Presentation at *Cox Communications Multi-Media Academy on Technology*, Phoenix, AZ.

TEACHING

Courses Taught

CTL	728D Problems in Teaching Math
CTL	797 Thesis
ECE	451 Teach/Learn Math to age 8
EDEL	433/633 Teaching Elementary School Math
CTL	720 Analysis' of Teaching
CTL	721 Evaluation of Classroom Learning
EDUC	493 Education Independent Study
MATH	778 Math for Teachers
CTL	401 Seminar in CTL
CTL	642 Curriculum Development in Math
Math	777 Analysis For Teachers
Math	776 Algebra and discrete math for teachers

Advising

Current Graduate Students (Ph.D. Student)

Linda Gillette-Koyen

Graduate Students, Chaired Dissertations

Dr. Julie Amador (Associate Professor, University of Idaho).

Amador, J. (2010). Affordances, constrains and mediating aspects of elementary mathematics lesson planning practices and lesson plan actualization. *Unpublished Doctoral Dissertation*, University of Nevada, Reno.

Dr. Diana Moss (Assistant Professor, Appalachian State)

Moss, D. (2014). An investigation of student learning in beginning algebra using classroom teaching experiment methodology and design research, *Unpublished Doctoral Dissertation*, University of Nevada, Reno.

Dr. Claudia Bertolone-Smith (Assistant Professor, State University of New York at Plattsburg)

Bertolone-Smith (2016). A fourth Grade Teaching Experiment on Fraction Magnitude. Unpublished Doctoral Dissertation, University of Nevada, Reno

Doctoral Committee Member

14 Students

Master's Student Chair/Advisor

Chaired over 39 Master's students projects/Thesis (currently chairing 4 students)

Served on 38 Master's Committees
