

The NSEA/NEA Early Enrollment Program Guidelines

If you are enrolled at any university/college in Nevada, your Liability Insurance will travel with you wherever you do your student teaching.

There are two options in joining, please make sure you select the correct one for the Early Enrollment Program:

1. If you are just wanting membership to the end of the current year (2014-2015) you can join anytime for the remainder of this year (2014-2015). Remember, if you are considering membership after September then you will have to rejoin after September 1, 2015 for school year 2015-2016.
2. If you are joining **on/after April 1, 2015**; you can join the Early Enrollment Program which will give you membership from the day you join until August of 2016. This a great option for continuing your membership thru the end of August 2016.

Membership dues are \$35

- If you choose option 1 you would pay twice, the remainder of this year and again for the upcoming year (Cost $\$35+\$35=\$70$)
- If you choose **option 2**, you would only pay once (\$35) for a year and a half of membership (*much better deal*)

Online Registration

When you go to register, you will see the following:

- **Enroll for the Current Membership Year, September 1, 2014 to August 31, 2015**
- **Enroll for the Next Membership Year, September 1, 2015 to August 31, 2016** (this is for the early enrollment)

Make sure to select the correct for school year 2014-2015, if you select the incorrect year, NSEA/NEA will not refund or correct the enrollment.

Finally, make sure to print out a copy for your files!

After we receive your online confirmation, we will send you a packet with information and your Membership Card.
