

## University of Nevada, Reno Emergency Alert Notification Opt-Out Procedure:

Nevada System of Higher Education mandates participation in the Emergency Alert notification system to protect the lives of all students, staff and faculty.

In order to Opt-Out of this system, you must read and acknowledge each section contained herein. You may cancel this process and remain in the system by simply exiting this page. **You are strongly discouraged from opting out of this system as it is only used for providing emergency information that could save your life.**

Please read completely and type your name, contact information you wish removed, and NSHE ID indicating that you acknowledge the information and specifically desire to remove yourself from this life-safety service: Fax completed form to 775-784-1695 or email to [unrpd@police.unr.edu](mailto:unrpd@police.unr.edu).

Federal law (commonly referred to as the Clery Act) requires the University to issue timely warnings to the entire University community whenever crimes specified in the Clery Act occur on campus or in an area surrounding the campus, and the Director of Police Services or designee or other senior level University official has determined that the situation poses an immediate or ongoing threat to the community. The purpose of the warning is to aid in the prevention of similar crimes by alerting the community about the incident and providing information on precautions people can take to enhance their personal safety. The UNR Emergency Alert System will be used to issue these warnings.

I acknowledge I understand the above statement and attest my desire to remove myself from the SMS (text) messaging system provided by UNR for life safety.
