

## HOC

Analysis	Feedback focuses on the examination of the topic, relevant research, and interpretations, specifically looking for multiple perspectives (including counterarguments, if applicable). This HOC will address ways to add to and improve the analysis of subject matter and sources within a paper.
Assignment Fulfillment	Feedback focuses on how well the paper addresses the questions or parts of the assignment, making comparisons to the prompt/rubric if it is available. This HOC will address where/how/if the requirements of a prompt or assignment have been met.
Audience Awareness	Feedback focuses on how effectively the argument/discussion/analysis addresses expectations of target audience, as well as how the information will engage the audience. This HOC will address how/if the writing reflects the intended audience.
Conclusion	Feedback focuses on the strength of the conclusion, specifically looking at connections to the thesis/research question and discussions of future implications. This HOC will address how well the conclusion is working to conclude the paper.
Expansion	Feedback focuses on how to expand a paper, suggesting areas for development and integration of research and evidence. This HOC will address ways to expand and strengthen the ideas within a paper.
Genre Expectations	Feedback focuses on how well the writing fits with expectations of the genre and discipline (e.g. rhetorical analysis in English, biology lab report, educational research proposal). This HOC will address the use of disciplinary language and conventions.
Integration (and Credibility) of Sources	Feedback focuses on reviewing sources relative to how well they are integrated within the text, including relevance to claim/thesis, introduction, and explanation. This HOC will address how sources and quotes are incorporated into the paper.
Introduction	Feedback focuses on how well the introduction creates interest, identifies the main point, provides necessary context/background info, and previews the essay. This HOC addresses how well the introduction of a paper is acting as an introduction.

Overall Argument and Supporting Points	Feedback focuses on strength of evidence and how evidence relates back to the overall claim/thesis. Feedback also focuses on how the supporting points address the main topic and how examples are used to support the main argument. This HOC will address whether there is a cohesive, main argument and how that argument is supported.
Overall Organization	Feedback focuses on the movement between ideas, specifically looking for logical progression and transitions between ideas. This HOC will address how the paper as a whole is organized.
Paragraph Structure	Feedback focuses on how ideas are developed within paragraphs, specifically introducing and concluding ideas, strength of analysis/synthesis, and depth of explanations. This HOC will address the structure and organization of individual paragraphs
Synthesis	Feedback focuses on the use of different sources, research, or datasets in combination with each other to build a larger argument, point, or state of knowledge. This HOC will address how well sources are woven into each other to create a main idea or argument.
Thesis	Feedback focuses on how significant, arguable, and focused the thesis of your paper is. Additionally, how relevant your thesis is to the needs of the assignment/prompt will be reviewed. This HOC will address the thesis statement itself, how well it functions as a thesis statement, and how that thesis interacts with the rest of the paper.
