What is OPT?

“Temporary employment for practical training directly related to the student’s major area of study”

What is the 24-Month STEM Post-Completion OPT?

- The STEM (Science, Technology, Engineering, Mathematics) OPT extension rule is in response to a court decision that vacated the 2008 DHS rule on procedural grounds. The rule includes changes to the policies announced in the 2008 rule to increase the educational benefits provided by STEM OPT extensions and oversight of STEM OPT.
  - Valid from May 10, 2016.

- May only be used by students with STEM eligible degrees.
What is the 24-Month STEM Post-Completion OPT?

- Eligible students may apply for up to 2 non-consecutive STEM OPT extensions.
- Employment in field of study for current 12-month post-completion OPT or STEM degree earned within 10 years preceding the date of application.
- Students on STEM OPT may be unemployed for a total of 150 days from the EAD start date of the 12-month post-completion OPT. This includes any of the remaining 90 days of unemployment accrued during the 12-month post-completion OPT.
Eligibility for STEM OPT?

- Student is in a period of active post-completion OPT.
  - May not apply during post-completion OPT grace period
- Student’s primary or secondary major was a STEM-eligible field, or the student completed a previous primary or secondary major in a currently STEM-eligible field.
- Student has not already had a STEM OPT extension of any duration based on the qualifying STEM degree.
- Qualifying STEM degree was at the bachelor’s, master’s, or doctoral level.
Eligibility for STEM OPT?

- Qualifying STEM degree was earned within the 10 previous years of the date the DSO (Designated School Official) recommends the STEM OPT extension.

- School where the student earned the STEM degree is currently:
  - SEVIS-certified
  - Accredited by a U.S. Department of Education accrediting organization.

- Student will be, or is working, for an employer enrolled in the E-Verify program.
New Requirements

- **Form I-983**
  - The 24-month STEM OPT regulations increases the educational benefits that F-1 students receive from their practical training experiences by requiring the submission of a formal training plan.
  - The formal training plan must clearly articulate the STEM OPT student’s learning objectives and affirm the employer’s commitment to helping the student achieve those objectives. To fulfill this requirement, a student and their employer must complete and sign Form I-983 and submit it to the student’s DSO.
New Requirements – I-983

– Both STEM OPT students and employers are obligated to report to the DSO material changes to, or material deviations from, the student’s formal training plan.

– Students may participate in entrepreneurial ventures where the student is an employee. However, they may not act as their own employer or as the signatory for the employer for the purposes of the form.

– A tutorial and instructions on completing Form I-983 may be found at https://studyintheestates.dhs.gov/form-i-983-overview.
New Requirements

- **Evaluation of Student Progress**
  - The evaluation of a STEM OPT student’s training progress is a shared responsibility of both the student and the employer.
  - The 1st “Evaluation of Student Progress” portion of the Form I-983 must be completed within 12 months of the listed STEM OPT start date. At the end of the STEM OPT extension or end of employment, a student must conduct a 2nd, final assessment.
  - The employer must review and sign the self-evaluations to attest to its accuracy then the STEM OPT student must return the “Evaluation of Student Progress” to their DSO.
Reporting Requirements

- Validating SEVIS Information
  - Every 6 months a student must work with their DSO to confirm that the student's record in SEVIS accurately reflects their current circumstance. The report must include:
    - Legal name.
    - Residential or mailing address.
    - Employer name and address.
    - Status of current employment.
  - OISS has a 24-Month STEM OPT Validation Report to report these requirements.
Reporting Requirements

- **Validating SEVIS Information**
  - STEM OPT students must report a change in this information, including any loss of employment, within 10 days of the change.

- **Annual Self-Evaluations**

- **Material Changes to an Existing Form I-983**

- **Changing Employers**
  - When a STEM OPT student changes employers, the new employer must be enrolled in E-Verify before employment begins. The student must also submit a new Form I-983 to their DSO within 10 days of starting the new practical training opportunity.
Reporting Requirements

- **Unemployment**
  - STEM OPT students must report the termination of their practical training experience within 10 days of the event.

- **Employer Noncompliance**
  - If a STEM OPT student believes that their STEM OPT employer is not complying with the terms and conditions of the 24-month STEM OPT extension regulations, the Form I-983 instructions, and the completed Form I-983 on file with their DSO, the student may:
    - Contact the Student and Exchange Visitor Program at the U.S. Immigration and Customs Enforcement (ICE) by following the instructions found on [ICE.gov](https://www.ice.gov).

When to Apply

1. Students may apply for the 24-month STEM OPT extension up to 90 days before the end date of their current 12-month post-completion OPT.

2. Students who file in a timely manner will have their post-completion OPT automatically extended while the STEM OPT application is pending until a final decision on the STEM OPT request is processed or for 180 days, whichever is first.
How to Apply

- Go to [24-Month STEM OPT Application](#) for application instructions.
  - The application packet must be received by USCIS within 60 days of the I-20 issue date listed at the bottom of the 1st page of the I-20 or the student’s application will be denied.
