The following curriculum map was arranged by the 13 most common competencies (many of which are aligned with the Core Curriculum) in the learning outcomes of UNR's undergraduate programs. Department assessment coordinators were asked to fill it out by identifying specific courses in their majors, with the goal of measuring the breadth and depth of their competencies-based curricula.

Course Level ↓ / Common KSV →	Critical Thinking	Written Communication	Oral Communication	Research Skills	Diversity/Global Contexts	Quantitative Analysis	Ethics	IT/Information Literacy	Career Exploration	Creative Thinking/Artistry	Service Learning/Civic Engagement	Experiential/Applied Learning	Mastery of Disciplinary Knowledge
