Public Service Intern I

Public Service Interns receive training and complete a variety of assignments in staff activities directly relating to their major course of study while enrolled in an educational institution. This position will be provided with training in civil engineering with an emphasis in transportation. There may be limited openings for students from other disciplines such as structural or electrical engineering, environmental science, computer science, urban/city planning, or business administration. THIS RECRUITMENT IS FOR STUDENTS AT THE UNDERGRADUATE LEVEL.

Minimum Qualifications
Graduation from high school or the equivalent and enrollment and continued successful performance in an academic program related to the field of employment at an accredited college or university.

- Employment is not to exceed six months from the date of graduation.
- Employment in this class will not lead to permanent status in State service.

Examination
The exam will consist of an application evaluation. It is essential that applications include extensively detailed information with time frames regarding education and experience. The most qualified applicants will be contacted by the hiring agency for interview.

Internship will be from 05/23/16 through 08/26/16
Approximate Beginning Annual Salary - $33,011.28
Pay Grade 27
