The Position

Wildlife Area Supervisors manage one or more Wildlife Management Areas by planning, budgeting, supervising, and performing maintenance and development activities to provide for an efficient operation and preserve wildlife resources and associated habitat.

Incumbents function as first-line supervisors who train, supervise and evaluate the performance of assigned staff; assign and review work; and initiate disciplinary action.

The incumbent develops and submits various Federal Aid reports as well as written and verbal communications with numerous entities inside and outside the Department; prepares work programs and long range management plans for Kirch Wildlife Management Area; prepares and administers annual and biennial budgets; develops contract for services and products; coordinates and tracks housing costs; and maintains all property, equipment, structures and other associated appurtenances of the Wildlife Management Area. The incumbent also conducts, records and analyzes results of various types of fish, wildlife and associated habitat surveys and inventories and supervises Wildlife Area Technician 2s and seasonal employees.

This position is located in a remote area approximately 75 miles south of Ely on State Highway 318. The successful candidate will be required to reside in department housing at the Wayne E. Kirch Wildlife Management Area. A deduction for the current rent amount of $50 is taken from the employee's paycheck every two weeks. A refundable $500 cleaning/damage deposit will be required at the date of hire or payroll deduction.
