Lab Syllabus Fall 2018

Phys 151 - 1105 (86295) - Gen Physics I & Lab Fall – 2018
Syllabus
General Information
Instructor: Enac Gallardo Diaz
Email: enacgallardo@nevada.unr.edu
Office: LP 115
Mail box: the physics office (Enac Gallardo Diaz)
Office hours: Thursdays 2pm-3pm
E-mail is recommended to make an appointment
Lab meeting time: Thursdays 8am – 10am
Lab manuals webpage: http://www.unr.edu/physics/student-resources/labs

Class Description and Objectives:

For non-physical science majors. Kinematics, energy and momentum conservation, rotational
dynamics, thermodynamics, fluids, harmonic motion and sound. Laboratory experiments
illustrate many of these fundamental principles.

Course Prerequisites:

MATH 127 or MATH 128 or corequisite. Corequisite(s): MATH 181.

Student Learning Outcomes:

Upon completion of this course, students will be able to:
1. Demonstrate problem solving skills in various types of problems in physics using quantitative
reasoning, critical thinking and appropriate mathematical techniques.
2. Demonstrate the ability to use scientific methods to understand and explain concepts in
physics.
3. Connect physics concepts and problems to their world experience.
4. Demonstrate skills in collection and interpretation of data from laboratory experiments.
**Lab Syllabus Fall 2018**

**Course Requirements:** Lab notebook (see bookstore for required notebook), and copy of lab to be performed.

**Lab Etiquette:**
- No FOOD/DRINKS/SMOKING/APPLYING of COSMETICS in the labs.
- Please turn off your cell phone.
- You and your partners must clean up and shut off equipment after you are finished with your lab. Failing to leave your station complete, organized and working can affect your grade.
- Please report all damaged equipment so it can be replaced.

**The Ground Rules:**
- Students are allowed to drop their lowest lab grade. For example, if ten labs are performed during the semester, the T.A. will use the nine best lab grades to calculate a student’s final grade.
- Students that must miss their assigned lab section can arrange to take the lab in a different lab section (during the same week); if the student receives permission from both T.A.s. It is the student’s responsibility to make prearrangements to turn in their lab report to their normal TA.
- Labs reports are due at the end of each class period. Students that complete labs outside their normally scheduled lab section must make prearrangements with their regular TA, to turn in their report, (see above). Late labs are not accepted.
- Make sure you know where your TA’s mailbox is located!! The department cannot guarantee that anything, placed in the wrong mailbox or some other “novel” location, will make it to the proper instructor for grading.
- You are expected to read the lab experiments before class and have a copy of the lab with you in the class.
- Students will keep and maintain an individual lab notebook. All notebook entries must be in ink.

**Lab reports:**
- The objective and theory section of your lab report should be completed prior to class.
- Your original data must be recorded in your lab notebook, it is the student’s responsibility to make sure that the original data is signed or initialed by the instructor, before leaving the lab. This signature will be counted as attendance. Lack of signature on original data is grounds for a grade of zero.
- Lab reports are due at the end of each class period. Students will turn in individual reports.
- Lab reports are due at the end of the class period; late labs will not be accepted without good cause and prior permission from the instructor.
- Lab reports that contain copied and or plagiarized material will be given a zero. Lab reports that are not written in your own words will be given a zero. Lab reports for lab experiments the student did not perform will be given a zero.
- The first lab report that contains copied or plagiarized material will be given a grade of zero. The second occurrence will drop your final grade by one letter grade. The third lab that contains copied or plagiarized material will get you an F for the class.
- Neatly, hand-written lab reports are accepted. Illegible lab reports are unacceptable and will be given a grade of zero.
- Follow the rubric when writing up lab reports. This format can be found on the lab manual website. Lab reports that do not follow the rubric will be graded down.
Lab Syllabus Fall 2018

Attendance:
You are required to attend all the classes. If you must miss a lab due to a justifiable excuse (you must document your: illness, emergency, court date...) or pre-arranged your absence. you should arrange to make up the lab during a different lab session that week (the week of your absence). You must contact both instructors before attending another lab section. No more than three labs may be made up in another section. If you are missing or fail to turn in three or more lab reports you will receive a failing grade for the lab. Lab reports that are turned in for experiments which you did not attend/perform will be given a grade of zero. There are no mulligans, rewrites or do-overs. You are expected to be in class (in body and mind) on time.

Laboratory safety:
Experimental work can expose one to various kinds of hazards (electric shocks, burns, cuts, defenestration…), every person working in the laboratory should maintain “situational awareness” of their surroundings, so as to avoid possible injury. Be aware and reduce the risk of injury and/or damaging the equipment. Report any accident immediately.

Grading and percentage of total reports:

94 - 100 A
90 - 93 A-
87 - 89 B+
83 - 86 B
80 - 82 B-
77 - 79 C+
73 - 76 C
70 - 72 C-
67 - 69 D+
63 - 66 D
60 - 62 D-
Below 60 F

A- represents outstanding distinction and excellence. 90-100%  - These are not impossible to achieve but are rare and difficult to come by.

B - signifies levels of solid accomplishment and goodness. 80- 89%  - Good is more common than excellent but more rare than average. While there is merit to hard work and long hours, it does not always guarantee success. Goodness refers to the combined results not just the effort.

C - signifies "average- simple, common, adequate but ordinary 70-79%  - Average is not usually an appealing rank to artists who strive for extraordinary and unique. C is however a very respectable point. Recognize what more is needed; plan to move ahead, improve and grow.
Lab Syllabus Fall 2018

D- represents results less than standard and/or mediocre—just passable 60-69% - Perhaps priorities about school or life have not been established. Recognize however, that a D can also mean that you truly do not understand what is expected. You should make an office appointment to discuss how you might take action on your future and upcoming assignment pro

Class Absence Policy:
The university’s absence policy is found at http://www.unr.edu/administrative-manual/3000-3999-students/3020-class-absence-policy

Disability Statement: Any student with a disability needing academic adjustments or accommodations is requested to speak with me or the Disability Resource Center as soon as possible to arrange for appropriate accommodations http://www.unr.edu/drc

Statement for Academic Success Services: Your student fees cover usage of the University Math Center (775) 784-4433, University Tutoring Center (775) 784-6801, and University University Writing Center (775) 784-6030. These centers support your classroom learning; it is your responsibility to take advantage of their services. Keep in mind that seeking help outside of class is the sign of a responsible and successful student."

Statement on Academic Dishonesty: For example, "Cheating, plagiarism or otherwise obtaining grades under false pretenses" constitute academic dishonesty according to the code of this university. Academic dishonesty will not be tolerated and penalties can include canceling a student's enrollment without a grade, giving an F for the course or for the assignment. For more details, visit: http://www.unr.edu/administrative-manual/6000-6999-curricula-teaching-research/instruction-research-procedures/6502-academic-standards

Statement on Audio and Video Recording: Surreptitious or covert video-taping of class or unauthorized audio recording of class is prohibited by law and by Board of Regents policy. This class may be videotaped or audio recorded only with the written permission of the instructor. In order to accommodate students with disabilities, some students may have been given permission to record class lectures and discussions. Therefore, students should understand that their comments during class may be recorded. http://www.unr.edu/Documents/provost/provosts-office/forms/BoR_Title_4_Chap_12_Sect_5_6.pdf

The University of Nevada, Reno is committed to providing a safe learning and work environment for all. If you believe you have experienced discrimination, sexual harassment, sexual assault, domestic/dating violence, or stalking, whether on or off campus, or need information related to immigration concerns, please contact the University’s Equal Opportunity & Title IX Office at 775-784-1547. Resources and interim measures are available to assist you. For more information, please visit: http://www.unr.edu/equal-opportunity-title-ix."
