About Tahoe Rim Trail Association
The Tahoe Rim Trail Association (TRTA) is a volunteer, non-profit 501c3 organization established in 1981 to plan, construct, and maintain the Tahoe Rim Trail. For the first 20 years of the TRTA’s history, the main focus was construction and completion of the 165-mile loop which travels around the ridge tops of Lake Tahoe. In 2001 the loop was officially open and since then, the TRTA has been the primary steward of the trail. The TRTA is also dedicated to promoting the use of the Tahoe Rim Trail through year-round public hiking programs, youth backcountry camps, an annual Trail Challenge, outdoor skills courses and trainings while offering a robust volunteer program to protect and preserve the 165 mile trail experience. Visit www.tahoerimtrail.org to learn about how you can get involved with this “trail like no other!”

About the Internship
The Youth Programs Intern will work directly with the Outdoor & Youth Programs Manager to produce effective and unique curricula for the Tahoe Rim Trail Association’s 2017 youth programs. The intern will assist in updating the TRTA Youth Backcountry Camp (YBCC) curriculum to meet national and state education standards (i.e. Common Core). S/he will also help to develop educational activities and events for youth that explore the Tahoe Basin’s unique ecology, geology, and history. The successful candidate will assist TRTA staff with winter/spring youth programs and workshops, including preparation of course materials, improvement of program curriculum, recruitment efforts to ensure all programs are effectively filled, and assistance in leading youth programs. In addition, the Youth Programs Intern will have the opportunity to participate in TRTA facilitated trainings and/or skills courses if they desire.

Required Qualifications
- Basic familiarity with current Common Core Standards
- Proficient in Microsoft Excel and Adobe Acrobat
- Excellent writing and editing skills a must
- Organized, creative, and flexible, with the ability to prioritize time-sensitive assignments
- Ability to work independently and come together as part of a team

Preferred Qualifications
- Experience in Science and/or outdoor education
- Previous curriculum writing/lesson planning experience and familiarity with Common Core is a plus

Note: THIS POSITION IS LOCATED IN STATELINE, NV with the possibility of working remotely depending on preference and task.

Internship Duties
- Help update current educational activities for the TRTA youth programs and standardize them with Common Core criteria
- Assist with the development of new course curricula
- Assist with the enrollment and preparation of youth winter/spring programs and workshops, and adult skills courses
- Other related duties as assigned

$12/hour for 120 hours
