Relationship Agreement for the Recognition
of Social Fraternities and Sororities

I. Introduction

Fraternities and Sororities have been an influential and important component of the undergraduate student experience at the University of Nevada, Reno since the first fraternity was chartered on campus in 1913. This Agreement serves as a commitment by the University to support the Fraternity and Sorority community as it continues to enhance the quality of student life by making a significant contribution to present and future student generations. Likewise it serves as a commitment by Fraternity and Sorority chapters, as well as the University, to adhere to the conditions set forth.

This Agreement affirms the relationship between the Board of Regents of the Nevada System of Higher Education on behalf of the University of Nevada, Reno (the “University”), its recognized chapters/colonies, and their respective inter/national organizations. When Fraternities and Sororities function in accordance with their stated missions and values, the entire University community receives positive benefits from their student leadership, involvement, service, and the various positive developmental benefits from individual members.

That being said, fraternities and sororities are legal corporations, existing independently and externally from the University. They are financially independent and are responsible for the operation and management of their own financial accounts. Their chapter corporations, alumni corporations and international, national, regional and local organizations are also incorporated separately from the University and exist independently and externally from the University.

II. Rights of Recognition

Student Code of Conduct

Introduction

The University of Nevada, Reno, is a higher education institution committed to the intellectual and personal growth of its students as scholars and citizens and the promotion of a learning environment where these goals can be achieved safely and fairly. This community is dedicated to academic excellence, as students become involved in academic pursuits, life-long learning, and personal development. Therefore, the University promotes civility, respect, and integrity among all members of the community, with every student expected to exhibit high standards of behavior.

Student learning occurs within a community of scholars united by their participation and commitment to intellectual development. Learning also involves reflecting on decisions and improving decision-making in the future. By establishing the standards of this student learning community, the Student Code of Conduct serves not only as a disciplinary system, but also as part of the educational system. Therefore, an important goal of the Student Code of Conduct, and its associated processes for the resolution of student misconduct, is to teach students to live and act responsibly in a community, with respect for the rights of other students and members of that community, and for the property, common resources, and regulations and policies associated with that community. As students participate in the campus community and its sponsored activities, they are responsible for their own actions and are subject to local, state and national laws as well as the all university regulations.

The purpose of the Student Code of Conduct is to set forth the specific authority and responsibility of the University in maintaining social discipline and to specify the educational process for determining individual student and student organization responsibility for alleged violations of University regulations. The disciplinary process follows established procedures to promote and provide an educational experience that facilitates the development of the individual student and the student organization. Also included are university procedures that exist to provide fair treatment for all students, to support the rights of every student and student organization, and to educate all students about the importance of community-based resolution of misconduct. The prohibited conduct, procedures and sanctions established in this document are applicable to the resolution of complaints against any student at the University of Nevada, Reno for allegedly engaging in specified prohibited conduct. The University administration views the student conduct process as not only a disciplinary
process but also a learning experience for the student involved, with the expectation that this experience has the potential of resulting in individual student growth, change in behavior, and increased understanding of the student's responsibilities and privileges within the University community.

**Information on reporting and confidentially disclosing sexual violence is found in Section III.**

Cases involving individual students alleged to have violated both university regulations and civil or criminal law may be handled concurrently through university disciplinary proceedings and through the courts. During the conduct resolution process, the needs of the person(s) being confronted for alleged misconduct, the needs of the person(s) reported to be the victim of the other student's alleged misconduct, and the needs of the campus community at large are judged to be equally important.

For information on the definitions of the terms used in this "Code", see "Appendix A: "Definitions".

**Section I. Student Code of Conduct - Authority**

**Authority**

NSHE Code 6.1.1 authorizes the University of Nevada, Reno, to establish this Code of Conduct. The President of the University of Nevada, Reno, through the Vice President for Student Services, will designate appropriate individuals or entities to administer the University student disciplinary process. The Assistant Dean, Student Conduct has been designated to represent the University in student disciplinary matters for undergraduate and graduate students in all campus degree programs with the exception of those students enrolled in the University Of Nevada School Of Medicine, which has authority for providing student conduct standards and disciplinary procedures for its students. The Assistant Dean, Student Conduct will be responsible for the coordination of the activities of the University student discipline process for the remainder of the University of Nevada, Reno, campus and will report to the Vice President for Student Services or his/her designee. The administrative faculty members in the Office of Student Conduct and of the Office of Housing, Residential Life and Food Services shall be responsible for monitoring student compliance with all discipline conditions and sanctions imposed through the disciplinary process and shall maintain all official student disciplinary records.

The scope of authority of the University extends to persons identified as students because of their status as enrolled in the institution on a part-time, full-time, or auditing basis. This scope of authority also extends to persons with a continued intent to pursue an education at the University of Nevada, Reno, which includes, but is not limited to the following: persons participating in orientation programs, persons participating in early-start programs, and incidents involving current students that occur between terms and during vacation periods. Every student shall be responsible for his or her conduct from the time of application for admission through the actual awarding of a degree, even when conduct occurs before classes begin or after classes end, such as during periods between terms. The Student Code of Conduct disciplinary process shall be followed to its conclusion even if the student
withdrawing from school while a disciplinary action is pending. If a graduate of the University is found to have been involved in material academic misconduct that impacts the reputation of the University, the University will invoke its authority to resolve the incident through a review of, and possible action to modify, the graduate's status and record including revocation of degree if warranted in accordance with NSHE Code 6.3.7. The authority of the University to address student conduct involves all students while they are: present on premises owned by the University, in off-campus buildings used by students through their association with a student organization recognized by the university, or at another site for an academic or extracurricular University-related experience. This authority extends to off-campus conduct that adversely affects the University community and/or the pursuit of its objectives, and where it adversely affects the health, safety, or security of any member of the University.

Under this Student Code of Conduct, when an incident occurs off-campus that is not at a college or university sponsored event, it will be the responsibility of the Assistant Dean, Student Conduct to determine whether University authority will be asserted in that incident. The Assistant Dean, Student Conduct will review each incident referred to the Office of Student Conduct on a case-by-case basis to allow the institution to consider the unique facts of each situation involving student behavior.

Section II. Student Conduct Regulations and Policies

Official policies of the University

These regulations and policies are in effect for any student conduct taking place on campus property, at campus-sponsored events (on or off campus property), at events where the student represents the University (is engaged in field work, conference attendance, or athletic team events under the auspices of the University) and is involved in incidents that have a direct negative impact on the University as a community of scholars.

The faculty members of the Office of Student Conduct administrate the University's student conduct program and the disciplinary process, according to University of Nevada, Reno, Student Code of Conduct ("Code"). The "Student Code of Conduct" is published annually. The Board of Regents for the Nevada System of Higher Education have given authority to each NSHE campus to establish their individual student codes of conduct, regulations and procedures. The faculty in the Office of Student Conduct collaborate with the Residential Life faculty in responding to every reported incident involving alleged student misconduct that occurs on university property, at a university-sponsored function, or in the University neighborhood, by:

1. Reviewing the referral to determine whether the evidence from the incident supports the assertion that student misconduct occurred.
2. Determining whether informal or formal disciplinary action is advised for successful resolution of the student misconduct. (In almost all cases, informal disciplinary action is recommended and pursued.)
3. Contacting the student by letter in a timely manner to notify the student that student disciplinary action is being initiated.
4. Informing the student of the type of disciplinary action that is being pursued — whether it is: informal investigation, a conference, informal resolution, or a formal hearing.
5. Investigating the incident to determine the severity of the misconduct, the person(s) responsible for it, and the appropriate resolution, including university disciplinary sanctioning as the consequence.
6. Providing a written record of the action taken to resolve the charge(s) of misconduct for each student and for every incident, to be provided to the student involved and maintained as a record in the Office of Student Conduct.

21. Knowing possession on any premises of the University of any Firearms, explosives, dangerous chemicals or other instruments of destruction, or other dangerous weapons as defined by the laws of the State of Nevada, without the written authorization of the president or the president's authorized agent.

22. Continued occupation of buildings, structures, grounds or premises belonging to or occupied by, the University after having been ordered to leave by the president or the president's designee.

23. Forgery, alteration, falsification or destruction of University documents or furnishing false information in documents submitted to the University.

24. The use of threats or violence against a faculty member or the faculty member's family in order to secure preferential treatment for grades, loans, employment, or other service or privilege accorded by the University.

25. Any act of unlawful discrimination based on race, creed, color, sex, age, sexual orientation, disability or national origin, gender identity, or genetic information, or any act of employment or educational retaliation against any person who has made a complaint about such discrimination.

26. Acts of unwelcome verbal or physical conduct that is sexual in nature.
27. Acts of sexual harassment. Sexual harassment is unwelcome sexual advances, requests for sexual favors, and other visual, verbal or physical conduct of a sexual or gender bias nature when:

   1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic status;
   2. Submission to or rejection of the conduct is used as a basis for academic or employment decisions or evaluations, or permission to participate in an activity; or
   3. The conduct is severe, persistent, or pervasive and has the purpose or effect of substantially interfering with an individual's academic or work performance, or of creating an intimidating, hostile or offensive environment in which to work or to learn.

Sexual harassment may take many forms—subtle and indirect, or blatant and overt. For example,

- It may occur between individuals of the opposite sex or of the same sex.
- It may occur between students, between peers and/or co-workers, or between individuals in an unequal power relationship (such as by a supervisor with regard to a supervised employee or an instructor regarding a current student).
- It may be aimed at coercing an individual to participate in an unwanted sexual relationship or it may have the effect of causing an individual to change behavior or work performance.
- It may consist of repeated actions or may even arise from a single incident if sufficiently severe.
- It may also rise to the level of a criminal offense, such as battery or sexual violence.

28. Acts of Sexual Violence. Sexual violence is a physical act perpetrated against a person's will or where a person is incapable of giving consent due to the victim's use of drugs or alcohol. An individual also may be unable to give consent due to an intellectual or other disability. Sexual violence includes, but is not limited to, rape, sexual assault, sexual battery, and sexual coercion.

29. Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim:

   1. The existence of such a relationship shall be determined based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.
   2. For the purpose of this definition:
      a. Dating violence includes, but is not limited to, mental sexual or physical abuse or the threat of such abuse.
      b. Dating violence does not include acts covered under the definition of domestic violence.
For the purpose of complying with the requirement of this section and section 668.41, any incident meeting this definition is considered a crime for the purpose of Clery Act reporting.

30. Domestic Violence:
   (1) A felony or misdemeanor crime of violence committed:
       a. By a current or former spouse or intimate partner of the victim;
       b. By a person with whom the victim shares a child in common;
       c. By a person who is cohabiting with or has cohabitated with the victim as a spouse or intimate partner;
       d. By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
       e. By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

31. Stalking:
   (1) Engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
       a. Fear for the person’s safety or the safety of others; or
       b. Suffer substantial emotional distress.
   (2) For the purpose of this definition:
       a. Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens or communicates to or about, a person, or interferes with a person’s property.
       b. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.
       c. Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.

32. Any acts of hazing.

   a. Hazing is defined as any method of initiation into or affiliation with the university, a student organization, a sports team, an academic association, or other group directly or indirectly engaged in that intentionally or recklessly endangers that individual physically and/or mentally regardless of whether or not the recipient is a willing participant. Hazing is most often seen as an initiation rite into a student organization or group, but may occur in other situations.

   b. Hazing activities may include, but are not limited to:
i. Any physical activity, such as whipping, beating, branding, forced calisthenics, exposure to the elements, forced consumption of food, liquid, drugs or other substance or any other brutal treatment or other forced physical activity that is likely to adversely affect the physical health of the person.

ii. Any mentally embarrassing, harassing, or ridiculing behaviors that create psychological shocks, to include but are not limited to such activities as: Engaging in public stunts and buffoonery, morale degradation or humiliating games and activities.

iii. Any situation which subjects the individual to extreme stress, such as sleep deprivation, forced exclusion from social contact, required participation in public stunts, or forced conduct which produces pain, physical discomfort, or adversely affects the mental health or dignity of an individual.

iv. Any expectations or commands that force individuals to engage in an illegal act and/or willful destruction or removal of public or private property.

B. Violation of Law and University of Nevada, Reno, Discipline

When a student is charged by federal, state, or local authorities with a violation of the law, the University will not request or agree to special consideration for that individual because of his or her status as a student. Action by the university may go forward regardless of other possible or pending administrative, civil or criminal proceedings arising out of the same or other incidents. The person filing the complaint may choose to file charges against the student in both arenas: internally, through the university student conduct system, or externally, through the criminal justice or civil system.

The University may advise off-campus authorities of the existence of the Student Code and of the process for resolution of a potential violation of the Student Code on campus. The University will attempt to cooperate with law enforcement and other agencies in the enforcement of criminal law on campus. Individual students remain free to interact with governmental representatives as they deem appropriate. Decisions on the University student conduct case resolution, including sanctions imposed, shall not be subject to change because criminal charges arising out of the same allegations giving rise to the complaint of violation of University rules were dismissed, reduced or resolved in favor or against the student defendant in other judicial or administrative proceedings.

Section III. Options for Reporting and Confidentially Disclosing Sexual Violence

The University encourages students who are reporting students of sexual violence to talk to somebody about what happened in order for them to receive the support they need, and so the University can respond appropriately. Different employees on campus have different abilities to maintain a reporting student’s confidentiality.

- Some are required to maintain near complete confidentiality; talking to them is sometimes called a “privileged communication.”
- Other employees may talk to a reporting student in confidence, and generally only report to the University that an incident occurred without revealing any personally
identifying information. Disclosures to these employees will not trigger a University investigation into an incident against the reporting student’s wishes, except in certain circumstances discussed below.

- Some employees are required to report all the details of an incident (including the identities of both the reporting student and all other students involved) to the Title IX Coordinator. A report to these employees (called “responsible employees”) constitutes a report to the University – and generally obligates the University to investigate the incident and take appropriate steps to address the situation.

This policy is intended to make students aware of the various reporting and confidential disclosure options available to them so they can make informed choices about where to turn should they want to report an act of sexual violence. The University encourages such students to talk to someone identified in one or more of these groups.

The Options

A. Privileged and Confidential Communications

- Professional Counselors. Professional, licensed counselors who provide mental-health counseling to members of the school community (and including those who act in that role under the supervision of a licensed counselor) are not required to report any information about an incident to the Title IX coordinator without a student’s permission. Following is the contact information for these individuals:

A student who reports an act of sexual violence to a professional must understand that, if they want to maintain confidentiality, the University will be unable to conduct a full investigation into the incident and will likely be unable to pursue disciplinary action against the identified student.

A student who at first requests confidentiality may later decide to file a complaint with the school or report the incident to local law enforcement, and thus have the incident fully investigated.

**NOTE:** While these professional counselors may maintain a reporting student’s confidentiality vis-à-vis the University, they may have reporting or other obligations under state law. For example, there may be an obligation to report child abuse, an immediate threat of harm to self or others, or to report in the case of hospitalization for mental illness; for the exceptions to confidentiality, see NRS 49.213, NRS 49.245, and NRS 432B.220 in Appendix 2.

**ALSO NOTE:** If the University determines that the student identified as committing the offensive conduct poses a serious and immediate threat to the University community, University of Nevada, Reno Police Services may be called upon to issue a timely warning to the community. Any such warning will not include any information that identifies the reporting student.

A reporting student and/or a responding student may choose to consult with a non-University pastoral counselor and is encouraged to discuss confidentiality with that individual.

**B. Reporting to “Responsible Employees.”**

A “responsible employee” is a University employee who has the duty to report incidents of sexual violence or other student misconduct, or who a student could reasonably believe has this authority or duty.

When a student reports an incident of sexual violence to a responsible employee, the student has the right to expect the University to take immediate and appropriate steps to investigate what happened and to resolve the matter promptly and equitably.

A responsible employee must report to the Title IX Coordinator all relevant details about the alleged sexual violence shared by the reporting student and that the University will need to determine what happened – including the name(s) of the reporting student and responding student(s) or other alleged perpetrator(s), any witnesses, and any other relevant facts, including the date, time and specific location of the alleged incident.

To the extent possible, information reported to a responsible employee will be shared only with people responsible for handling the University’s response to the report. A responsible employee should not share information with law enforcement without the reporting student’s consent or unless the reporting student has also reported the incident to law enforcement.

The following employees (or categories of employees) are the University’s responsible employees:

- **Title IX Coordinator**

Anyone in a supervisory, managerial, administrative or executive role or positions, such as a provost, vice provost, vice president, dean, department chair, supervisor, director of a unit, resident director, resident assistant, or supervisor.
Before a reporting student reveals any information to a responsible employee, the employee will inform the student of the employee’s reporting obligations. If the student wants to maintain confidentiality, the employee will direct the student to confidential resources. If the student wants to tell the responsible employee what happened but also wants to maintain confidentiality, the employee will inform the student that the University will consider the request, but cannot guarantee that the University will honor it. In reporting the details of the incident to the Title IX Coordinator, the responsible employee will also inform the Coordinator of the student’s request for confidentiality.

Responsible employees will not pressure a reporting student regarding the extent of the report the student wants to make. Responsible employees will not pressure a student to request confidentiality, but will honor and support the student’s wishes, including for the University to fully investigate an incident. By the same token, responsible employees will not pressure a reporting student to make a full report if the student is not ready to make such a report.

**Requesting Confidentiality From the University: How the University Will Weigh the Request and Respond.**

If a reporting student discloses an incident to a responsible employee but wishes to maintain confidentiality or requests that no investigation into a particular incident be conducted or disciplinary action taken, the University will weigh that request against the University’s obligation to provide a safe, non-discriminatory environment for all students, including the reporting student.

If the University honors the request for confidentiality, a reporting student will be informed that the University’s ability to investigate the incident and pursue disciplinary action against the identified student may be limited.

There are times when, in order to provide a safe, non-discriminatory environment for all students, the University may not be able to honor a reporting student’s request for confidentiality. The University has designated the following individual to evaluate requests for confidentiality made by a reporting student:

**Title IX Coordinator Denise Cordova 682-6708**

When weighing a student’s request for confidentiality or a student’s request that no investigation or discipline be pursued, the Title IX Coordinator will consider a range of factors, including the following:

- The increased risk that the identified student will commit additional acts of sexual or other violence, such as:
  - whether there have been other sexual violence complaints about the same student;
  - whether the identified student has a history of arrests or other records indicating a history of violence;
  - whether the student identified as committing the offensive conduct threatened further sexual violence or other violence against the reporting student or others;
  - whether the sexual violence was committed by multiple persons;
  - whether the circumstances of the incident indicate that the behavior was planned by the identified student or others;

- whether the reported sexual violence was committed with a weapon;
• whether the reporting student is a minor;
• whether the University possesses other means to obtain relevant evidence of the reported sexual violence (e.g., security cameras or personnel, physical evidence);
• whether the reporting student’s information reveals a pattern of behavior (e.g., illicit use of drugs, alcohol, coercion, intimidation) at a given location or by a particular group;
• other factors determined by the Title IX Coordinator that indicate the identified student may repeat the behavior or that others may be at risk.

Based on one or more of these factors, the Title IX Coordinator may decide that the University will investigate and, if appropriate, pursue disciplinary action even though the reporting student requested confidentiality or requested that no investigation or disciplinary action be undertaken. If none of these factors is present, the University will likely respect the reporting student’s request for confidentiality.

**If the Title IX Coordinator decides that a reporting student’s confidentiality cannot be maintained**, the Title IX Coordinator will inform the reporting student in writing or via email prior to starting an investigation and the University will, to the extent possible, only share information with people responsible for handling the University’s response.

The University will inform the responding student that retaliation against the reporting student is prohibited and will take ongoing steps to protect the reporting student from retaliation or harm and work with the reporting student to create a safety plan. Retaliation against the reporting student, whether by students or University employees, will not be tolerated. The University will also:

• assist the reporting student in accessing other available advocacy, academic support, counseling, disability, health or mental health services, and legal assistance both on and off campus (see portion of policy identifying these);
• provide other security and support, which could include issuing a no-contact order, helping arrange a change of living or working arrangements or course schedules (including for the responding student pending the outcome of an investigation) or adjustments for assignments or tests; and
• inform the reporting student of the right to report a crime to campus or local law enforcement – and provide the reporting student with assistance if the reporting student wishes to report a crime.

The University will not require a reporting student or a responding student to participate in any investigation or disciplinary proceeding.

Because the University is under a continuing obligation to address the issue of sexual violence campus-wide, reports of sexual violence (including non-identifying reports) will also prompt the University to consider broader remedial action – such as increased monitoring, supervision or security at locations where the reported sexual violence occurred; increasing education and prevention efforts, including to targeted population groups; conducting climate assessments/student surveys; and/or revisiting its policies and practices.

**If the University determines that it can respect a reporting student’s request for confidentiality**, the University will also take immediate action as necessary to protect and assist the reporting student.

**Miscellaneous**
Take Back the Night and other public awareness events. Public awareness events such as “Take Back the Night,” the Clothesline Project, candlelight vigils, protests, “survivor speak outs” or other forums in which students disclose incidents of sexual violence, are not considered notice to the University of sexual violence for purposes of triggering the University’s obligation to investigate any particular incident(s). Such events may, however, inform the need for campus-wide education and prevention efforts, and the University will provide information about students’ Title IX rights at these events.

Off-Campus Counselors and Advocates. Off-campus counselors, advocates, and health care providers will also generally maintain confidentiality and not share information with the University unless the reporting student requests the disclosure and signs a consent or waiver form.

Following is contact information for these off-campus resources:

Crisis Call Center: (775) 784-8085 (Reno)  
(775) 784-8085 (Sparks)  
24 hour Help Hotline: 1 (800) 273-8255

NOTE: While these off-campus counselors and advocates may maintain a reporting student’s confidentiality vis-à-vis the University, they may have reporting or other obligations under state law. For example, there may be an obligation to report child abuse, an immediate threat of harm to self or others, or to report in the case of hospitalization for mental illness; for the exceptions to confidentiality, see NRS 49.213, NRS 49.245, and NRS 432B.220 in Appendix 2.

Section IV. Student Disciplinary Procedures:

A. Complaint of Student Misconduct

Any member of the university community may file a complaint against a student for violations of the Student Code of Conduct. The complaint shall be prepared in writing and directed to the Assistant Dean, Student Conduct. Any complaint should be submitted as soon as possible after the alleged violation takes place, preferably within 30 days.

B. Resolution of a Student Misconduct Complaint

1. The Assistant Dean, Student Conduct or designee, (hereinafter Student Conduct Administrator) will review and investigate the complaint to determine if the information indicates actions which violate the student code of conduct. Upon determining that a complaint does indicate a violation(s) of the Student Code of Conduct, the Student Conduct Administrator, shall send the accused student a notice of allegation(s). The notice will present information obtained from the investigation, identify the alleged violations of the Student Code of Conduct, and instruct the student to schedule a conduct conference within 10 days of the notice.

   a. The notice may be hand delivered or mailed by regular United States mail to the student's address as identified within MYNEVADA. All mailed letters are considered delivered as of the United States Postal Service postdate.

   b. Students failing to respond to the notice will be sent a second notice via certified mail. Second notices may include forewarning that an administrative hold will be placed
upon the accused student's transcripts and/or ability to register until such time that the student participates in the mandated conduct conference.

c. Interim Directive- In appropriate circumstances the Assistant Dean, Student Conduct may impose an interim "No Contact" and/or "ban from participation" directive prior to a conduct conference. The Assistant Dean, Student Conduct may issue such a directive when the alleged misconduct poses a health and safety concern and/or a disruption to the educational environment.

2. Informal Resolution of the Complaint
The accused student shall attend a conduct conference and work with the Student Conduct Administrator to develop an appropriate informal resolution of the charges. In some cases, the accused student and the Student Conduct Administrator may "informally" resolve the complaint through agreement of responsibility, termination of allegations, mediation, conflict resolution, or educational conference. If the accused student and Student Conduct Administrator cannot reach agreement through informal resolution the complaint will be referred to the formal resolution process. An accused student has the right to request participation in the formal resolution process for a complaint of misconduct at any time during the informal resolution process.

3. Formal Resolution of the Complaint
The formal resolution of a complaint of student misconduct shall take place when an accused student does not agree to informal resolution by not accepting responsibility for a charge of misconduct, or by not accepting the sanctions proposed for resolution of misconduct. The formal resolution process involves a hearing before a student conduct board or a student conduct hearing officer. The accused student shall schedule a conference with the Student Conduct Administrator within ten days of the decision to initiate the formal resolution process. The purpose of the conference will be to:

a. Identify and determine the most appropriate hearing option to be employed

b. Review the hearing process and procedures

c. Set a hearing date and time

i. The hearing shall occur within twenty-five days but no less than ten days from the conference.

ii. Maximum time limits for scheduling of student conduct hearings may be extended in writing at the discretion of the Assistant Dean, Student Conduct.

4. Impaneling a Board or Hearing Officer
The Assistant Dean, Student Conduct determines which Hearing Board or Student Conduct Hearing Officer will hear each case based on the alleged misconduct, the level of sanction(s) that may be considered and the needs of the accused student, alleged victim and campus community as a whole.
Student Conduct Hearing Officer: A Student Conduct Hearing Officer will be appointed from faculty members within the Office of Student Conduct, the Office of Residential Life, Housing and Food Services or trained University community members who will be responsible to the Assistant Dean, Student Conduct, and ultimately to the Vice President for Student Services, for all student conduct activities and decisions. The Student Conduct Hearing Officer hears cases involving students, student organizations or groups accused of violating the Student Code of Conduct. Whether a Student Conduct Hearing Officer will hear the matter rather than a Student Conduct Board will be determined by the Assistant Dean, Student Conduct. The Student Conduct Hearing Officer will be advised by an appointed Student Conduct Administrator not involved in the investigation or resolution of the alleged misconduct being heard by the officer.

Student Conduct Board: The Student Conduct Board hears cases involving students, student organizations or groups accused of violating the Student Code of Conduct. The board is comprised of trained University students and faculty members. The composition of the Student Conduct Board (student and/or faculty membership) for each hearing will be determined by the Assistant Dean, Student Conduct. Those hearings in which the potential for Suspension, Expulsion or Loss of recognition are being considered will include faculty membership. The Student Conduct Board will be advised by an appointed Student Conduct Administrator not involved in the investigation or resolution of the alleged misconduct being heard by the board.

5. Student conduct hearings shall be conducted according to the following procedures
a. Student conduct hearings shall be closed unless the accused student requests an open hearing.

i. Disciplinary records, to include hearing proceedings, are part of a student's educational record. As such the privacy protections afforded to a student under the Federal Education Right to Privacy Act dictate the standards for a closed hearing.

ii. Requests by an accused student for an open hearing will be reviewed by the Assistant Dean, Student Conduct. Such requests will be granted if the overriding individual privacy needs of other students involved in the hearing are not violated, nor the hearing process itself.

b. The accused student has the right to be assisted by an advisor, as does the complainant, if desired. The advisor serves as a supporter and advisor during the conduct hearing. The accused student and the complainant are both responsible for presenting his or her own information, introducing witnesses, and answering questions throughout the hearing. When a student selects an advisor, in this process the advisor has no right to speak during the hearing. The advisor may be an attorney. If the advisor is an attorney, the Student Conduct Administrator must be informed five college working days before the hearing. The Assistant Dean, Student Conduct has sole discretion to allow for a delay in the hearing due to a scheduling conflict of an advisor. The hearing will run according to the university schedule and will not be delayed by another process off campus, unless in the discretion of the Assistant Dean, Student Conduct, such delay is deemed to be in the best interests of the parties or process.
c. The accused student(s), the complainant and any advisors shall be allowed to attend the all portions of the hearing, at which information is received, but may not be present during deliberations. Admission of any other person to the student conduct hearing shall be at the discretion of the student conduct board or hearing officer and/or the student conduct administrator.

d. In student conduct hearings involving more than one accused student, the Student Conduct Administrator, in his or her discretion may permit the student conduct hearings to be conducted either separately or jointly.

e. The accused student and complainant must notify the Assistant Dean, Student Conduct of witnesses no later than five college working days before the hearing. The Hearing Board Advisor will notify and invite to the hearing potential witnesses who are members of the University community, and who are identified by the accused student and/or complainant at least two college working days prior to the hearing. The Assistant Dean, Student Conduct has sole discretion to allow for a delay in the hearing due to a scheduling conflict of a witness. Witnesses will provide information to, and answer questions from, the student conduct board or hearing officer. To avoid confrontational situations during the hearing, the accused student and/or complainant shall verbally direct questions for the witness(es) to the chairperson of the conduct board or the hearing officer, who will then question the witness directly. The chairperson of the conduct board or the hearing officer will decide on the specific course of questioning and/or information sharing throughout the hearing.

f. The accused student and complainant may present pertinent written statements, records, or other information for the hearing. These documents must be provided to the Hearing Board Advisor or hearing officer five college working days before the hearing.

g. The accused student and the complainant have the right to review these documents two working days prior to the hearing. This review will take place within the Office of Student Conduct during normal working hours under the supervision of the Hearing Board Advisor. All documents are considered confidential and will not be reproduced or released for review outside of the Office of Student Conduct.

h. The members of the student conduct board or the hearing officer shall deliberate after the hearing has concluded, and shall determine whether or not the accused student has violated each section of the Student Code that the student is charged with having violated. This determination is made through consensus when possible, and if not possible, then by a simple majority vote of the board members.

i. The student conduct board or hearing officer's determination shall be made on the basis of a preponderance of the evidence: whether it is more likely than not that the accused student violated the Student Code of Conduct.

j. If the accused student is not found responsible for a violation, then the hearing is concluded. If the accused student is found responsible for one or more violations of the Student Code of Conduct, then the student conduct board or the hearing officer shall consider possible sanctions for the student after reviewing any prior violations of the Student Code of Conduct.
Conduct, the imposed sanctions and the completion of these sanctions. Possible sanctions to impose appear below in Section D. Sanctions.

k. Order of processes in a hearing shall be:

i. In the hearing, the chair of the board or hearing officer will state the content of the report of alleged misconduct and the specific charges made.

ii. The complainant will be asked to present information supporting the allegation of misconduct against the accused student.

iii. The chair of the board or hearing officer may call identified witnesses on behalf of the complainant.

iv. The accused student and board members may question the complainant and witnesses.

v. The accused student will be asked to present information supporting their position against the allegation of misconduct.

vi. The chair of the board or hearing officer may call identified witnesses on behalf of the accused student.

vii. The complainant and board members may question the accused student and witnesses.

viii. The board members, or hearing officer, will close the hearing to review and deliberate upon the presented information and render a decision on responsibility.

ix. The chair of the hearing board or hearing officer will re-open the hearing and present their findings to the accused student.

x. If the student is found to be responsible as charged, the hearing board or hearing officer may reconvene to gather information to guide and support sanction recommendations. The board or hearing officer may question the Assistant Dean, Student Conduct as to any past record of misconduct.

xi. The chair of the hearing board or hearing officer will excuse the accused student and complaint and close the hearing for deliberations regarding sanction recommendations.

The student conduct board chairperson or the hearing officer will provide the board's decisions on responsibility for the violation and recommendations for sanctions to the Assistant Dean, Student Conduct within 3 working days of the close of the hearing.

m. The Assistant Dean, Student Conduct will provide the accused student with a final written decision within 3 college working days of receiving the hearing board or hearing officer's decision and recommendations. The Assistant Dean, Student Conduct will apprise student complainant's of sexual assault or other serious physical assault of the outcome of the hearing. The Office of Student Conduct will be responsible for monitoring the student's adherence in carrying out any/all remedies or sanctions imposed as the resolution of the conduct process.
n. The formal rules of evidence shall not apply in Student Code of Conduct proceedings.

o. The hearing, except for deliberations, shall be tape or digitally recorded. Upon request by the student, a written transcript will be provided at the student's expense. Personally identifiable information will be removed from the transcript. The record shall be the property of the University of Nevada, Reno, and will be maintained with the student's confidential conduct records within the Office of Student Conduct.

p. If an accused student, after receiving notice, does not appear at a student conduct hearing, the information in support of the complaint shall be presented, considered, and acted upon regardless of the accused student's absence. Failure of the student to appear is not evidence that the student was responsible for the charge of misconduct.

q. All student conduct boards, hearing officers, or Student Conduct Administrators, may accommodate concerns for personal safety, well-being, and or fears of confrontation, by the complainant, the accused, and/or witnesses, during the hearing or during the informal resolution process by providing the opportunity for the hearing body or student conduct administrator to receive the pertinent information and conduct conversations for the resolution of the case using methods other than requiring both parties to be present in the same room at the same time. Such options include: video conferencing, phone conferencing, or other means, as determined by the Assistant Dean, Student Conduct or the Student Conduct Administrator overseeing the scheduling and coordinating the hearing.

C. Appeals:
1. A decision on responsibility for a violation of the Student Code of Conduct and/or an associated sanction for the violation may be appealed by the accused student(s), student organization or student complainant's of sexual assault or other serious physical assault within five college working days of the decision. Such appeals shall be in writing and delivered to the Associate Dean of Students or his or her designee. Grounds for an appeal are:
   a. Deviations from procedures set forth which result in significant prejudice.
   b. The decision reached regarding the accused student was not based on a preponderance of the evidence: that it was more likely than not that the accused student violated the Code.
   c. The sanction(s) imposed were not appropriate for the violation of the Student Code of Conduct which the student or student organization was found to have committed.
   d. New information, either not available at the time of the hearing which is sufficient to alter a decision or other relevant facts not in the original conduct resolution, are identified.

2. The Associate Dean of Students will review the appeal to determine if one of more of the grounds for an appeal has been met. If the Associate Dean finds that one or more of the stated grounds for an appeal have been met, he or she will then forward the appeal to the Assistant Dean, Student Conduct with the directive to impanel the Student Conduct Appeals Board. If the Associate Dean finds that none of the criteria for an appeal have been meet, the matter is closed and the hearing board or hearing officer's decision is final.
3. Student Conduct Appeals Board - The Student Conduct Appeals Board is comprised of representatives from the Student Conduct Board not involved in the original hearing.

4. The Student Conduct Appeals Board shall review the statement of appeal, the original complaint of misconduct, recording of the hearing, decision and sanctioning recommendation, along with any other information and evidence that was part of the decision-making in the resolution of the conduct case, and will decide whether or not the appeal should be upheld. The Student Conduct Appeals Board may uphold the decision, may refer the case back or may hear the case as a new hearing board following student conduct hearing procedures described in section 5. If the appeal board rehears the case, the decision is final. If the original board or officer rehears the case, that decision is also final.

D. Sanctions
Disciplinary sanctions are those actions imposed through informal resolution by a student conduct administrator or through formal resolution by a student conduct hearing officer or a student conduct board as a consequence of violations of the Student Code of Conduct. The purpose of a sanction is to educate an individual student on the impact of conduct violations on others in the University community, the importance of taking responsibility for resolving any concerns arising from the misconduct, and the needs of the community for resolution of the misconduct. Educational activities may be assigned to the student as a condition of his or her successful resolution of the violation(s). The educational purpose of sanctioning will ordinarily be the guiding force behind imposition of sanctions within the university disciplinary process. In some instances, however, the community's need to properly function outweighs the university's ability to educate an individual. In such a case, for the benefit of both the student and the community, suspension or expulsion from the university may result.

1. One or more of the following disciplinary sanctions may be imposed on a student found to have violated the Student Code of Conduct.

a. Warning. A notice, oral or written, that the student has violated the Student Code of Conduct.

c. Restitution. Compensation for loss, damage, theft or misappropriation of property, or injuries sustained in an incident of student misconduct. This may take the form of appropriate service and/or monetary or material replacement.

d. Probation. Probation consists of a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found to violate any institutional regulation(s) during the probationary period.

e. Loss of Privileges. Denial of specified privileges for a designated period of time.

f. Discretionary and Educational Sanctions. Participation in specific educational programs, such as: alcohol and/or other drug educational intervention conferences, assessments, educational activities, such as: on-line instructional workshops; and work assignments or service to the university or the surrounding community; and other related discretionary assignments.

g. Hold on transcript and/or registration. A hold restricts release of a student's transcript or access to registration until satisfactory completion of conditions or sanctions imposed by a
student conduct officer or Student Conduct Board. Upon proof of satisfactory completion of the conditions or sanctions, the hold is released.

h. No contact order. A prohibition of direct or indirect physical, verbal, and/or written contact with another individual or group.

i. University Suspension. Exclusion for a definite period of time from attending classes and from participating in other activities of the University, as set forth in a written notice to the student. The official transcript of the student shall be marked "DISCIPLINARY SUSPENSION EFFECTIVE ___ TO ___." The parents or legal guardians of minor students shall be notified of the action. A student who is enrolled in his or her last semester before graduation, is not currently enrolled in the University and who was not registered during the previous semester, or who graduated at the end of the previous semester may request that the notation of the disciplinary suspension be removed from the official transcript when two years have elapsed since the expiration of the student's suspension. Such request must be submitted in writing to the president or his designee in accordance with NSHE Code S. 6.3.8. If the request is not granted, the student may submit a request for removal of the notation at yearly intervals thereafter.

j. Deferred University Suspension. Separation of the student from the university, deferred until the close of the current semester or some other time frame necessary for review of student progress in addressing the conduct concern. This sanction is most often utilized for cases in which the student does not pose a safety concern and is participating in a university-designated intervention.

k. University Expulsion. Termination of student registration and status for an indefinite period of time. Permission of the president shall be required for readmission. The official transcript of the student shall be marked "DISCIPLINARY EXPULSION EFFECTIVE ___." The parents or legal guardians of minor students shall be notified of the action. A student who is enrolled in his or her last semester before graduation, is not currently enrolled in the University and who was not registered during the previous semester, or who graduated at the end of the previous semester may request that the notation of the disciplinary expulsion be removed from the official transcript when four years have elapsed since the expiration of the student's expulsion or termination. Such request must be submitted in writing to the President or his designee in accordance with NSHE Code S. 6.3.8. If the request is not granted, the student may submit a request for removal of the notation at yearly intervals thereafter.

1. Withholding of a Degree. Prior to the awarding of a degree, the University may withhold a degree from a student. Please note: Students found responsible for an academic dishonesty violation may be subject to additional academic sanctions as stated within the Academic Standards Policy; and student organizations may be subject to sanctions as stated in the section on Student Organizations as set forth in Section E below.

1. More than one of the sanctions listed above may be imposed for any single violation.

2. Other than university expulsion, revocation, or withholding of a degree, disciplinary sanctions shall not be made part of the student's permanent transcript, but shall become part of the student's disciplinary record. The Family Education and Right to Privacy Act (FERPA) defines disciplinary records as education records. Disciplinary records are therefore protected from disclosure without written consent of the student or court order or as
otherwise allowed by FERPA. Disciplinary records are stored within the Office of Student Conduct and maintained in compliance with FERPA and the Clery Act. Upon completion of the mandated time lines a student's disciplinary records are destroyed.

3. Upon graduation, the student's disciplinary record may be expunged of disciplinary actions other than residence hall expulsion, university suspension, university expulsion, revocation or withholding of a degree, upon application to the Assistant Dean, Student Conduct and approval by the president.

E. Student Organizations
Student organizations, either recognized through ASUN, the Graduate Student Association, or university departments, are required at all times to conduct themselves in accordance with the Student Code of Conduct. A student organization believed to be involved in any of the activities identified in these regulations or policies as misconduct may be reported to the Office of Student Conduct for an investigation of the activity in question.

Procedure for Student Organizations
The procedure for addressing a complaint filed through the Office of Student Conduct against a student organization is as follows:

1. The complaint is directed to the Assistant Dean, Student Conduct.
2. A Student Conduct Administrator investigates the complaint.
3. After the investigation of the complaint, the Student Conduct Administrator will determine whether the information supports the allegation of misconduct, and if so, may proceed with informal resolution including the imposition of any of the sanctions listed below.
4. The student organization may accept the decision or may request a hearing in front of a Student Conduct Hearing Board or Hearing Officer.
5. The hearing board will meet and determine if there has been a violation.
6. The procedures set forth in Section B-5 shall also apply to hearings on allegations against an organization.

Sanctions for Student Organizations include all those stated under "Sanctions", in addition to:

1. Probation for up to one academic year;
2. Prohibition from recruiting and/or accepting new members.
3. Prohibition from participating in university events, including but not limited to orientation, intramurals, and other campus activities.
4. Denial of use of university facilities.
5. Loss of recognition of the organization.

F. Emergency Removal
In certain circumstances, the president, or a designee, may impose a University suspension or Organization Loss of recognition prior to the resolution of a charge of student or student organization misconduct. This emergency removal includes the immediate removal from campus of a student or student organization for an interim period whenever the president determines that this is required to:

1. Ensure the safety and well-being of members of the university community,
2. Protect University property, or
3. If the student poses an ongoing threat or disruption of, or interference with, the normal operations of the university.
   The student or student organization shall be denied access to the campus, including classes and/or to all other university activities or privileges for which the student or student organization might otherwise be eligible, as the President or his/her designee may determine to be appropriate. During the time of the removal from campus, the student or student organization may not come onto university property for any reason other than meeting with the appropriate university official(s) regarding resolution of the emergency removal and the student conduct resolution.

Any student or student organization so removed shall be afforded an opportunity to a hearing on the emergency removal no later than 10 college working days following the removal unless the student or student organization agrees to delay the hearing to a later time. A student conduct hearing officer shall hold the hearing under the hearing procedures of the Student Code of Conduct. The president's decision upon the hearing officer's recommendation shall be final.

The emergency removal does not replace the regular disciplinary process, which shall proceed on the normal schedule, up to and through a student conduct hearing, if required.

In circumstances where the student is removed for his or her own emotional and personal safety, a resolution on the decision regarding the student's removal from campus will be addressed within an informal meeting with the Assistant Dean, Student Conduct, with the goal of the meeting being the development of a plan for most effectively meeting the student's personal and scholarly needs as a continuing student.

G. Interpretation and Revision
   Any question of interpretation or application of the Student Code of Conduct shall be referred to the Assistant Dean, Student Conduct or his or her designee for final interpretation.

   The Student Code of Conduct shall be reviewed and updated each year under the direction of the Assistant Dean, Student Conduct.

Frequently Asked Questions (FAQ)

For the student referred for misconduct

What's the worst that can happen to me with the University if I have been involved in student misconduct?

The worst that can happen is being expelled from the University, which is only needed very, very, rarely, as a consequence for student misconduct. In most circumstances, the student is placed on disciplinary probation with some conditions for successful completion of the probation, such as: involvement in an educational project, community service, restitution for damage or theft, or an assessment with a counselor to address concerns that might be related to the student's well-being.

What if you don't believe me? What can I do if I am not responsible for the misconduct as charged?

You provide your information to the administrator so that they may carry out an investigation of the case to determine whether there is enough evidence to proceed with the charge. If the administrator does not believe the student since the evidence against the student is compelling, they will then refer the case to a hearing. The student will have the opportunity to rebut the charge of misconduct in front of a hearing board, to know of all evidence proposed against the student (including witnesses), to bring witnesses on the student's own behalf, and to ask questions of the information provided by a witness at the hearing.

The good news is that there are seldom any cases involving charges that a student is denying that cannot be resolved through an informal meeting and investigation by the administrator. Our staff, faculty, and police officers who refer students for alleged misconduct are trained to understand the level of evidence and the type of objective information that is required to exist for all reports and referrals. Mistakes can occur in charging a student, but the procedures of fairness and due process rights afforded the student have worked well in rectifying any mistakes. Finally, it is a violation of the University Student Code of Conduct to knowingly submit a false charge or report.
Who is going to know about my misconduct and my referral for disciplinary action?

The information is private, since it is a part of an educational record. A student has the authority to decide when and if this information may be released. As required by the Federal Educational Right to Privacy Act (FERPA), any record and information about the judicial process as it relates to the student referred is protected and confidential information.

If a student is a victim of a crime of violence, then that student may receive information on the outcome of the case they refer, but this information is privileged information as well.

If a professor accuses me of misconduct, why won't you just accept the professor's word over mine? How will I be able to get fair treatment?

The administrator of the student conduct process for this university is required to take action on student misconduct that can be proven. Whether the complaining party is a professor, a fellow student, or a visitor to the campus who is unknown to the administrator; the standard of objective proof remains the same. The burden of proof for any report alleging student misconduct is on the university representative, who must show by a preponderance of the evidence that it is more likely than not that the student was responsible for the misconduct as charged. Also, if the student charged with misconduct denies the charge, the administrator must call a hearing and invite both parties—in this case, both the professor and the student—to present their sides of the story and make their case. The hearing board, comprised of members who do not know either party, will decided whether there is enough evidence to find the student responsible.

For the person concerned about a student needing assistance
When should I refer a student to your office?

Please consider making a referral to the Office of Student Conduct whenever a student expresses concerns about one or more of the following issues:

1. The student is in conflict with another student.
2. The student is worried about the lack of fairness of a university policy, or about the negative impact that a specific policy or practice is having on them.
3. A student feels they have been a victim of sexual misconduct by another student.
Academic Standards Policy for Students

Introduction

Specific to the academic pursuits of students, the University of Nevada, Reno, believes the maintenance of academic standards is a joint responsibility of the students and faculty of the university. Freedoms to teach and to learn are dependent upon individual and collective conduct to permit the pursuit and exchange of knowledge and opinion. Faculty have the responsibility to create an atmosphere in which students may display their knowledge. This atmosphere includes an orderly testing room and sufficient safeguards to inhibit dishonesty. Students have the responsibility to rely on their knowledge and resources in the evaluation process. The trust developed in the maintenance of academic standards is necessary to the fair evaluation of all students.

Academic Standards:

Class Conduct: A student may be dropped from class at any time for negligence or misconduct, upon recommendation of the instructor and with approval of the college dean. Students may also be dropped for non-attendance upon indication of the instructor.

Subsection A: Definitions

Academic dishonesty is against university as well as the system community standards. Academic dishonesty includes, but is not limited to, the following:

Plagiarism: defined as submitting the language, ideas, thoughts or work of another as one's own; or assisting in the act of plagiarism by allowing one's work to be used in this fashion.

Cheating: defined as (1) obtaining or providing unauthorized information during an examination through verbal, visual or unauthorized use of books, notes, text and other materials; (2) obtaining or providing information concerning all or part of an examination prior to that examination; (3) taking an examination for another student, or arranging for another person to take an exam in one's place; (4) altering or changing test answers after submittal for grading, grades after grades have been awarded, or other academic records once these are official.

Subsection B: Sanctions for Violation of Academic Standards

Sanctions for violations of university academic standards may include the following:

(1) filing a final grade of "F"; (2) reducing the student's final course grade one or two full grade points; (3) awarding a failing mark on the test or paper in question; and (4) requiring the student to retake the test or resubmit the paper.

A student found responsible for violating this policy may not withdraw from the course in question. A student failed in a course due to academic dishonesty may not utilize the "repeat option" for that course.

A student may also be subject to discipline for academic dishonesty pursuant to the provisions of the Board of Regents Code, Title 2, Chapter 6.
Subsection C: Academic Dishonesty Procedures

Procedure for Undergraduate Students

A faculty member who suspects an undergraduate student of academic dishonesty must notify the student of the charge and proposed sanction, in writing, no later than fifteen (15) calendar days after the alleged action or fifteen (15) calendar days after the last day of instruction, whichever comes first.

Notification must be hand delivered or sent by certified mail. A copy of the notification to the student must be sent to the Assistant Dean, Student Conduct. The student has ten (10) calendar days to appeal after receipt of the notification.

1. If the student admits guilt, or fails to appeal, the faculty member may impose an academic sanction commensurate with the offense. In addition, the Assistant Dean, Student Conduct may impose an appropriate disciplinary sanction.
   a. If the student accepts the sanctions the matter is ended.
   b. If the student appeals the sanction insofar as it affects the final grade, the grade appeal process may be invoked. Students may appeal a final grade by filing an Intent to Appeal a Grade form with the appropriate department chair within 10 college University working days after the determination of the student's responsibility for the academic integrity charge or following the timeline in the Grade Appeal Process, whichever is appropriate. Students who do not file the proper forms within the specified deadline forfeit the right to appeal the grade. Students who wish to appeal a disciplinary sanction may do so through the Assistant Dean, Student Conduct. (If the alleged dishonesty occurs during the summer session and the student cannot be located, the appeals date will be extended to the last day of late registration in the next regular semester.)

2. If the student denies the charge, the student must state this, in writing, to the chair of the department within the ten (10) calendar days noted above. Within the next five calendar days, the chair must inform the faculty member, then refer the matter to the Assistant Dean, Student Conduct for a hearing by the Academic Integrity Board. The student should be allowed at least ten (10) calendar days to prepare for a hearing; but this period may be waived by the student.
   a. If the Academic Integrity Board determines the student to be responsible as charged, it may recommend disciplinary sanctions to the Assistant Dean, Student Conduct for implementation, if appropriate. In any case, the faculty member is so apprised and may then impose an academic sanction consistent with the offense. The student has no further appeal rights except of a sanction that affects a final grade as noted above.
   b. If the Academic Integrity Board finds the student not responsible, the matter is closed.
Undergraduate Academic Integrity Board

A. The Academic Integrity Board shall consist of the following members with due consideration being given to possible conflict of interest:

1. Two undergraduate students appointed from the Student Conduct Hearing Board.
2. Two academic faculty members selected by the executive board of the Faculty Senate, and,
3. A third academic faculty member selected by the provost, who will serve as chair of the board.

To ensure the impartiality of the hearing board, members must be appointed from departments other than those in which the case originated and in which the accused student is majoring.

B. Empanelment Deadline - The board shall be impaneled by the Assistant Dean, Student Conduct and set a hearing date within 21 calendar days after the matter has been referred to the Assistant Dean.

C. The hearing procedure is as follows:

1. The accused student will be called to appear before the Academic Integrity Board by the Assistant Dean, Student Conduct. If the student wishes to be accompanied by an advisor or an attorney, the board must be notified at least 48 hours in advance. The faculty member shall also be present, and may be accompanied by an advisor, or by an attorney whenever the student chooses such counsel. Please see Section II for further information on advisors and attorneys.
2. In the hearing, the chair will state the content of the report of alleged academic dishonesty and the specific charges made.
3. The faculty member will appear before the board to present evidence against the student. The chair of the board may call other witnesses. The accused student and board members may cross-examine.
4. The student will appear before the board to present evidence on his or her own behalf.
5. The board members will then meet in closed session to make a final decision.
6. If the student is found to be responsible as charged, the hearing board shall consult with the Assistant Dean, Student Conduct about any past record of academic misconduct.
7. The hearing board then shall recommend appropriate disciplinary sanctions to the Assistant Dean, Student Conduct (if appropriate) and apprise the faculty member of its deliberations.
Procedure for Graduate Students

A faculty member who suspects a graduate student of academic dishonesty must inform the student, in writing, of the accusation and proposed sanction no later than fifteen (15) calendar days after the alleged action or fifteen (15) calendar days after the end of instruction, whichever comes first. Notification must be hand delivered or sent by certified mail. A copy of the notification to the student must be sent to the Assistant Dean, Student Conduct.

Within 10 calendar days of receipt of such action the student may file a request with the department chair for a review and possible mediation of the matter within 15 calendar days. If the student rejects the review by the chair and/or the outcome of mediation, the chair shall refer the matter to the Assistant Dean, Student Conduct for further appeal. The Assistant Dean will be available to assist all parties in implementing the following appeal process.

A. The student may appeal the reviewed decision of the faculty member to the dean of the Graduate School. This appeal must be made in writing within 10 calendar days after the student has been informed in writing of the faculty member's decision.

B. The dean may take any of the following actions:

1. Resolve the conflict through mediation
2. Dismiss the charge
3. Uphold the faculty member's decision in its entirety
4. Impose a lesser sanction
5. Impose a greater sanction.

C. The dean's action must be taken within 10 calendar days of receipt of the appeal.

D. The dean must inform the student in writing of any action taken within the above 10 calendar days. A student may appeal the dean's decision to the provost. This appeal must be made in writing within 10 calendar days after the student received the decision in writing from the dean. This appeal shall be referred by the provost to the Academic Integrity Board, which shall be impaneled by the Assistant Dean, Student Conduct.

E. The Academic Integrity Board shall consist of the following members with due consideration being given to possible conflict of interest:

1. Two graduate students appointed by the Graduate Student Association.
2. Two faculty members selected by the executive board of the Faculty Senate.
3. A third faculty member selected by the provost, who will serve as the chair of the board. NSHE and University of Nevada, Reno Hazing Policy

Hazing has no place within a community of scholars. The Board of Regents of the Nevada System of Higher Education (NSHE) affirms its opposition to any form of hazing. NSHE institutions advocate civility in society and an adherence to the fundamental principles of honesty, integrity, respect, fairness, development of individual character and sensitivity to the dignity of all persons. These principles should be fostered and nurtured in a broad spectrum of activities that yield social, intellectual and physical benefits. Therefore, hazing of any nature is unacceptable at any public institution of higher education in the State of Nevada.
1. No member or alumni of the NSHE community acting as an individual or part of a group shall conduct or condone hazing activities.

2. Hazing is defined as any method of initiation into or prerequisite to becoming a member of the community college or University community, or any group associated therewith, engaged in by an individual that intentionally or recklessly endangers another individual. Any activity upon which the initiation into or affiliation with an organization or group is directly or indirectly conditioned shall be presumed to be a forced activity, the willingness of an individual to participate in such activity notwithstanding. Hazing may not occur on or off the premises of the organization and/or educational institution. Hazing is most often seen as an initiation rite into a student organization or group, but may occur in other situations.

3. Hazing activities may include, but are not limited to:
   
a. Any physical activity, such as whipping, beating, branding, forced calisthenics, exposure to the elements, forced consumption of food, liquor, drugs or other substance or any other brutal treatment or other forced physical activity that is likely to adversely affect the physical health of the person.

b. Any situation which subjects the individual to extreme stress, such as sleep deprivation, forced exclusion from social contact, required participation in public stunts or forced conduct which produces pain, physical discomfort or adversely affects the mental health or dignity of an individual.

c. Any expectation or commands that force individuals to engage in an illegal act and/or willful destruction or removal of public or private property.

4. Each institution within NSHE shall develop clear procedures for dealing with hazing, requirements for reporting hazing, clear reporting lines for infractions, investigation procedures and potential discipline. Each institution shall apply a reasonable person standard and the discipline shall be proportionate to the infraction. All disciplinary actions or sanctions shall be congruent with Chapter Six of the Code and appropriate institutional bylaws. Both individuals and organizations committing an offense under this anti-hazing policy may be found in violation and be subject to appropriate disciplinary sanctions.

5. An allegation of hazing, reporting of a suspicion that hazing may have occurred or a request for an investigation of hazing may be initiated by anyone. Campus policies shall designate the appropriate place and method of reporting. Each campus is encouraged to develop an educational program about the serious danger and the risk involved in any hazing activity and the subsequent harm that can occur to both the individual subjected to hazing and those engaged in hazing.

6. Each campus shall develop procedures and policies to report cases of hazing that fall under Nevada Revised Statutes.
To report an allegation of hazing, please contact the Office of Student conduct, Clark Administration Building, Lake Level, 784-4388. All investigations of hazing and procedures of adjudication appear in Section III of the University’s Student Code of Conduct.
