Internship Site Information

STEP2 offers an internship program that touches all 10 contact areas of Family Life Education. Interns are able to work directly with clients, as well as with each department of a non-profit, ultimately understanding how all areas work in concert to make the agency achieve goals.

While STEP2 has no specific requirements in scheduling, to gain the potential of this program, a mix of days, nights and weekends is most beneficial. Interns are required to complete one project during the semester, to be identified by mid-term evaluation.

Number of Internships Available: 2

Student Requirements

STEP2 requires a resume, TB test and Letter of Recommendation. Interested Interns will be interviewed to determine whether STEP2 will be a good fit for their internship goals.

How will student obtain this internship?

To attain this internship, a student will contact Shannon Jensen at sjensen@step2reno.org, come to STEP2 for an interview, and if accepted, will begin internship with orientation.
