Physical Address: 203 Edmund J. Cain Hall, University of Nevada, Reno, Reno, NV 89557

Internship Site Information

Upward Bound Classic and Math Science programs will provide valuable hands-on experience working with low-income and first-generation (LIFG) college-bound high school students attending eight target high schools in Washoe and Lyon Counties. The intern will work closely with the Assistant Director and the Counselor/Program Coordinators to provide mentoring, tutoring, academic support and college planning support to a diverse student population. The intern will also gain valuable insight and experience with program development, delivery, and evaluation. The successful intern should be able to demonstrate excellent interpersonal skills, sensitivity to the needs of underrepresented students, and a commitment to the goals and mission of Upward Bound programs. Upward Bound programs provide a great internship site for candidates interested in working in K-12 and/or in higher education with an emphasis in secondary education, social work, psychology, counseling, curriculum and instruction, educational leadership, human development, social advocacy, or a related discipline.

Evening and weekend hours are available and often a requirement of interns.

Number of Internships Available: 2

Student Requirements

1. Enrolled in 15 credits
2. Junior standing or above
3. Experience working with low-income, first-generation high school students
4. Preferred qualities include reliability, flexibility, effective communication skills, willingness to take initiative, leadership abilities, positive attitude and team-oriented.

How will student obtain this internship?

Interested students are encouraged to call or email Assistant Director, Maria Sandra Jimenez directly. Please provide a resume and three references. The site will conduct their own interview.
