

## University Galleries

### Student Galleries South Permission to Paint

I, \_\_\_\_\_ have discussed my plans for painting the walls in Student Galleries South with my committee chairperson. My chairperson agrees that I am fully prepared to paint the walls following the guidelines set forth in the Student Galleries South Policy and Procedures document to his or her expectations for my midway or thesis exhibition. I must show the University Galleries Preparator the Low-VOC flat or satin interior latex paint I have purchased from Reno Paint Mart before I can begin painting. The preparator will countersign this document at that time and file it.
