ASSISTING STUDENTS IN DISTRESS

SEE SOMETHING.
UNR faculty and staff are in a unique position to demonstrate compassion for UNR students in distress.

Both undergraduate and graduate students may feel alone, isolated, and even hopeless when faced with academic and life challenges. These feelings can easily disrupt academic performance and may lead to difficulties coping and other serious consequences.

You may be the first person to SEE SOMETHING distressing in your students since you have frequent and prolonged contact with them.

SAY SOMETHING.
Students exhibiting troubling behaviors in your presence are likely having difficulties in various settings including the classroom, with roommates, with family, and even in social settings.

Trust your instincts and SAY SOMETHING if a student leaves you feeling worried, alarmed, or threatened!

DO SOMETHING.
Sometimes students cannot or will not turn to family or friends. DO SOMETHING!
Your expression of concern may be a critical factor in saving a student’s academic career or even their life. The purpose of this folder is to help you recognize symptoms of student distress and identify appropriate referrals to campus resources.

The Family Educational Rights and Privacy Act (FERPA)
The Family Educational Rights and Privacy Act (FERPA) permits communication about a student of concern in connection with a health and safety emergency. Observations of a student’s conduct or statements made by a student are not FERPA protected. Such information should be shared with appropriate consideration for student privacy.

**REPORT INCIDENT TO**
University Police Services

**DISTRESSED STUDENT**

- Overly anxious
- Sad
- Irritable
- Withdrawn
- Confused
- Lacks motivation and/or concentration
- Seeks constant attention
- Demonstrates bizarre or erratic behavior
- Expresses suicidal thoughts

**IF A STUDENT IS CAUSING A DISRUPTION BUT DOES NOT POSE A THREAT**
- Ensure your safety in the environment.
- Use a calm, non-confrontational approach to defuse/de-escalate the situation.
- Set limits by explaining how the behavior is inappropriate.
- If the disruptive behavior persists, notify the student that disciplinary action may be taken. Ask the student to leave. Inform him or her that refusal to leave may be a separate violation subject to discipline.
- Immediately report the incident to the appropriate resource.

**RESOURCES & TIPS:**

**BE PROACTIVE:** Engage students early on, pay attention to signs of distress, and set limits on disruptive behavior.

**BE DIRECT:** Don't be afraid to ask students directly if they are under the influence of drugs or alcohol, feeling confused, or having thoughts of harming themselves or others.

**LISTEN SENSITIVELY AND CAREFULLY:** Use a non-confrontational approach and a calm voice. Avoid threatening, humiliating, and intimidating responses.

**SAFETY FIRST:** The welfare of the campus community is the top priority when a student displays threatening or potentially violent behavior. Do not hesitate to call for help.

**FOLLOW THROUGH:** Direct the student to the physical location of identified response.

**CONSULTATION AND DOCUMENTATION:** Always document your interactions with distressed students and consult with your department chair/supervisor after any incident.
